COTTON ESTIMATE LOWERED

GIRL BANK ROBBER FACES THIRD TRIAL

BODIES AIRLINER CRASH VICTIMS RECOVERED

REBECCA ROGERS BEING TRIED FOR BUDA BANK HOLDUP

ONCE GIVEN FOURTEEN YEARS IN PRISON BUT HIGHER COURT REVERSED

NEW BRAUNFELS, Sept. 9. (AP)—Selection of a jury in the trial of Mrs. Rebecca Bradley Rogers, charged with robbing the Farmers National Bank of Buda in 1926, was started here today.

Questioning of veniremen was started after defense attorneys had filed and later withdrawn a motion for continuance. The action was based on the failure to include the indictment against Mrs. Rogers, charging her with robbery with firearms, in the transcript forwarded from LaGrange where the former University of Texas co-ed was given a 14-year penitentiary sentence on the charge.

She was granted a new trial, however, and the case was transferred to New Braunfels after failure to select a jury at her second trial in LaGrange.

Otis Rogers, Fort Worth attorney and husband of the 24-year-old defendant, withdrew the motion for a continuance after conferring with District Attorney Fred L. Blundell, leader of the prosecution when a

BENEFICENT RAINS FALL OVER PARTS OF TEXAS SUNDAY

PANHANDLE AREA GENERALLY REPORTED TO HAVE RECEIVED PRECIPITATION

DALLAS, Sept. 9.—(AP)—Rains beneficent in most cases fell yesterday and last night over several sections of Texas.

At Amarillo a downpour was accompanied by heavy lightning, and the Panhandle generally was reported to have received precipitation. Fort Worth had received 1.38 inches, and Dallas .7 inch.

The Corsicana vicinity was soaked. In the city 2.10 inches was recorded. Some damage to crops was feared.

Rain at Gainesville.

GAINESVILLE, Sept. 9.—(AP)—Accompanied by a high wind, one and one-half inches of rain fell here last night. No material damage was reported. The rain continued today. A total of 4.08 inches has fallen since Wednesday night.

Wichita Falls Gets Plenty.

WICHITA FALLS, Sept. 9.—(AP)—Rainfall here since Wednesday was increased to 2.45 inches by heavy showers Sunday and last night. Cotton was damaged but feed crops were benefitted. Reports received here indicated the fall was general over Northwest Texas and Southern Oklahoma.

STEAMER GROUNDED NEAR VIGO, SPAIN; PASSENGERS SAVED

VIGO, Spain, Sept. 9.—(AP)— All passengers were saved uninjured when the Nelson liner Highland Pride, from London for Buenos Aires, grounded near Vigo, at 2 a. m. today in a fog. The ship was apparently only slightly damaged, and at noon today tugs were attempting to pull her off a rocky bar.

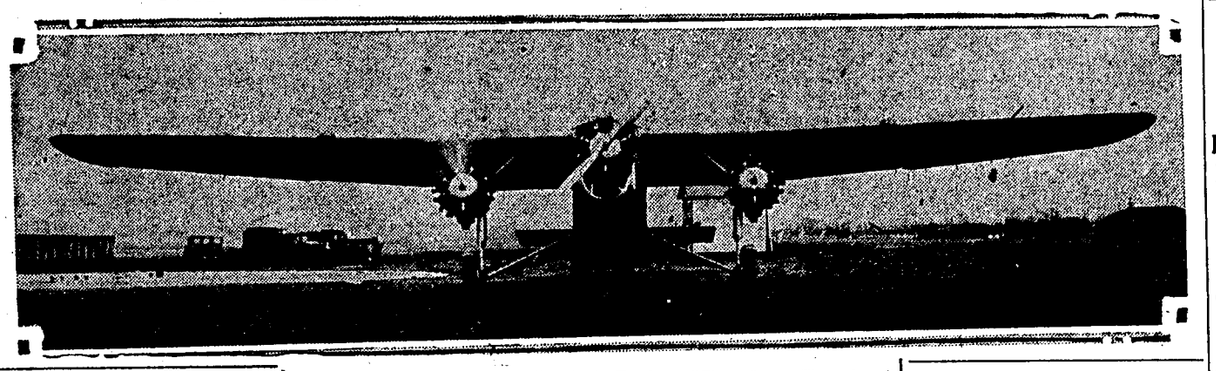

Carried 44 Passengers.

LONDON, Sept. 9.—(AP)—Owners of the steamer Highland Pride, after refusing to give out information earlier today regarding the reported grounding near Vigo, Spain, said later the steamer carried 44 passengers, bound for South America. All were taken off, and the company planned to send them to their destinations by the first available steamer.

Schooner Sinking.

HALIFAX, N. S., Sept. —(AP)— The three-masted schooner Santa Quita was reported today to be abandoned and sinking at latitude 44.33 north, longitude 50.09 west, far out in the ocean off Nova Scotia.

T. A. T. PLANE WRECKED AND PASSENGERS KILLED

Above is a sister ship of the T. A. T. plane "City of San Francisco," which was wrecked when it struck high up on the side of Mount Taylor in New Mexico and its crew of three and five passengers all killed and their bodies charred from flames which followed. A wide search was instituted for the missing plane before the wreckage was located Saturday by Pilot George Rice of a Western Air Express plane. The bodies have been brought out, being carried down the mountain on foot for many miles.

THREE OIL FIELD WORKERS BURNED TO DEATH NEAR WINK

WERE ENGAGED IN REMOVING OIL FROM BODIES WITH GASOLINE

WINK, Sept. 9.—(AP)—Three men were fatally burned in a fire at the bath house on the Republic Oil company's lease near here last night. The dead: Martin Smith, Albert Helms and George Jackson.

D. H. Fisher and R. C. Jackson were also badly burned and were brought to a hospital here for treatment.

The accident was caused by the ignition of gasoline being used by the men in removing grease from their bodies. They had been working on an oil well, and their clothing had become saturated in oil. A heater in the house was believed to have set off the gasoline. Workmen nearby extinguished the flames.

The Jacksons were brothers. Helms and Fisher have families. The five men attempted to extinguish their flaming clothes by rushing from the house and rolling in the sand. They died shortly after being brought to a hospital here.

Mickey Walker Jailed On Drunk Charge Monday

HOLLYWOOD, Sept. 9. —(AP)— Mickey Walker, middleweight champion, was jailed here today on charges of being drunk and possessing intoxicants.

The boxer and three companions from the motion picture colony were arrested after police had answered protests from residents of the fashionable Whitley Heights districts that a fight was on in an apartment house there. Officers said they found furniture wrecked and doors and windows broken in the apartment.

Arrested with Walker were Ray Hallor and Arthur Housman, movie actors, and Gordon H. Sweeney, director.

LUBBOCK BONDS APPROVED.

AUSTIN, Sept. 9.—(AP)—The attorney general's department today approved a $225,000 bond issue for the city of Lubbock. The money will be spent for improvement as follows: airport, $75,000; streets, $90,000 and sewers, $60,000.

TWO YOUNG WOMEN JAILED ON CHARGES OF ATTEMPTED BRIBERY IN PANTAGES CASE

LOS ANGELES, Sept. 9. —(AP)— Two Hollywood young women were in jail in default of $25,000 bail each today, charged with suggesting to a state's witness that $25,000 might be given him if he would testify against the state in the forthcoming criminal assault trial of Alexander Pantages, millionaire magnate.

The two, Nancy Lee, 25-year-old sculptress, and her half-sister, Janice Hill, 19-year-old stenographer, were accused by District Attorney Buron Fitts of making the offer in a note to the witness, whose identity was withheld.

Miss Lee and Miss Hill were arrested yesterday in a rooming house in which Fitts said he was convinced they had been "planted" a week ago by persons seeking to intimidate prosecution witnesses in the Panages case.

The note, Fitts said, was turned over to him by a man living at the rooming house. He and the landlady of the house were identified as state's witnesses in the case of Pantages, who is to go on trial September 23 on charges brought by Eunice Pringle, 17-year-old dancer.

The two girls denied they had been "planted" in the rooming house.

"Hit and Fly" Pilot Charged in Manslaughter

NEW YORK, Sept. 9.—(AP)— Henry Ramsdell was held today on a technical charge of manslaughter in connection with an accident in which an airplane struck a motor boat in Jamaica bay, killing one of the boat's occupants and injuring the other.

Ramsdell was the second pilot in two days to be held on homicide charges, William H. Alexander having been arraigned yesterday after his plane landed among bathers at Coney Island, killing two and injuring 10. Both Ramsdell and Alexander are employed by Coastal Airways.

William Brown was killed and John Dee injured when a seaplane practically cut their motor boat in two and then continued on its course. It was the first hit and fly plane in police records.

Many Killed by Typhoon on Luzon Island

MANILA, Sept. 9.—(AP)—Communication lines, slowly being repaired after the passing of the typhoon which swept the island of Luzon last week, today brought reports of mounting death lists and tales of great damage.

More than 200 persons were reported killed on the island, thousands were homeless and hungry and great havoc had been wrought to crops. Starting in the southern provinces a week ago Sunday, the typhoon swept to sea then turned descending on the northern provinces of Tasabas, Rizal, Laguna and Bulacan with great fury, destroying homes and crops.

TURKS TO SAN ANTONIO

GALVESTON, Sept. 9.—(AP)—Members of the Turkish aviation commission took off from here at 10:25 a. m., today for San Antonio. They arrived Saturday.

ALABAMA OFFICER CHARGED IN DEATH OF FLEEING YOUTH

ANOTHER CASE WHERE OFFICER STUMBLED AND AIM MADE BETTER

ASHLAND, Ala., Sept. 9.—(AP)— Deputy Sheriff Cecil Gutherie was held today on a murder charge for the death of Clarence Bailey, eighteen, Ashland high school football star, who was shot to death as Gutherie sought to arrest him on liquor charges.

Bailey, the son of a Clay county planter, received a bullet wound through the head during what officers said was his flight through a pasture five miles from the Bailey farm nere here.

Gutherie, committed to jail shortly after the shooting, told investigating authorities the fatal shooting was accidental. He said he fired two shots in the air as he pursued Bailey and he stumbled, discharging his pistol the third time. It was this lasts hot, he said, which struck the youth.

The deputy sheriff, and W. Z. Alexander, chief of police of Ashtheir attention was directed to land, were patrolling a road when shouts coming from the pasture. They saw several boys, who fled. Gutherie told Sheriff J. H. Allen he saw Bailey pick up a gallon jug and he fired.

The jug, officers said, contained about one-half gallon of whiskey.

TARIFF PROGRAM ORGANIZED AMERICAN AGRICULTURE WAS BEFORE SENATE ON MONDAY

By FRANCIS M. STEPHENSON
Associated Press Staff Writer

WASHINGTON, Sept. 9. —(AP)— The tariff program of organized American agriculture, calling in many cases for higher rates on farm products than those already proposed, lay before the senate today as it came at last to the opening of debate upon the tariff bill.

The immediate orders of business was consideration of the proposal of Senator Simmons of North Carolina, ranking democrat of the finance committee, that the treasury department be asked for income tax information showing recent profits and losses of individuals and corporations affected by tariff revision. Then, the program called for general debate on administrative provisions of the tariff measure.

Submitted by a group of national agricultural organizations, the program of the farmers asked restoration of the higher rates on sugar and on tobacco proposed in the house bill and for increases in the duties on cattle, hides, cheese, casein, dried milk, staple cotton and numerous vegetable products.

The dictum of the farmers significantly avoided any mention of maad that tariff revision be confined to agricultural products. It took no cognizance of the industrial schedules in the tariff bill and called for enactment of the tariff measure before the regular session opens in December.

THREE DEAD, EIGHT MISSING FROM FIRE ON BRITISH TANKER

ROTTERDAM, Holland, Sept. 9. —(AP)—Three men were burned to death and eight or ten were missing this afternoon in a fire which broke out today during cleaning of the British tanker Vimeira in dock. Oil on the water around the vessel cought fire, imprisoning the ship in flames.

The flames shooting up from the water, rapidly spread to the ship, on which a number of the crew were busy. Three charred bodies were recovered.

The British tanker Vimeira sailedfrom New Orleans on July 10 for Halifax, where it arrived July 28 and from which it sailed on Aug. 18 for London.

German Tanker Ablaze.

NORTHFORELAND, England, Sept. 9.—(AP)—Wireless messages here reported a German oil tanker afire in the North Sea near the Straits of over and in danger of explosion.

The American steamer Brush wirelessed it passed the burning vessel whose crew was standing by in a launch, not asking for assistance. The name of the vessel was not visible.

The British steamer Imber later reported a German naval or government tanker was afire with the crew standing by in a small boat.

WOMAN DIES OF HURTS.

DENISON, Sept. 9.—(AP)—Mrs. Harry H. Fatum died here today of injuries received in an automobile accident yesterday in which her husband, a prominent Denison business man, was killed.

Risko Draws Heavy Fine For Recent Foul

CLEVELAND, Sept. 9. — (AP) — Johnny Risko, Cleveland heavyweight fighter, was fined $1,000 by the City Boxing Commission today for fouling K. O. Christner of Akron in their bout here last Wednesday night. Referee Patsey Haley of New York gave the decision to Christner when Risko butted him with his head in the ninth round of their scheduled ten-round battle.

IMMEDIATE DECISION UPON RIGHT OF VARE TO SEAT IN UNITED STATES SENATE ASKED

WASHINGTON, Sept. 9.—(AP)—An immediate decision on the three-year-old contest over the right of William S. Vare, republican of Pennsylvania, to a seat in the senate was asked today by Senator Norris, republican, Nebraska.

Norris offered a resolution to deny Vare a seat just as the senate was about to take up the tariff bill. The resolution has privileged status and no sooner was it presented than fear was expressed in some quarters that action on the tariff measure might be delayed for some time. Norris is opposed to the tariff bill.

The resolution, which was a surprise to the administration leadership, said Vare had recovered from his illness and therefore "no further reason exists for longer delay on the part of the senate."

It added that a special senate investigating committee had recommended against the seating of Vare after an inquiry into the Pennsylvanian's expenditures in the three cornered republican senatorial primary campaign of 1926.

Vare never has been given the oath of office in the senate pending a settlement of his case.

Senator Watson of Indiana, republican leader, forced a day's delay by moving that the Norris resolution go over for one day in accordance with senate rules.

Vice-President Curtis ruled that there was no question as to the resolution being privileged, indicating he would hold it in order tomorrow.

WASHINGTON, Sept. 9. — (AP) — An amendment to the tariff bill to make all its rates applicable to goods from the Philippines, now duty free, was offered in the senate today by Senator Broussard, democrat, Louisiana.

BIG AIR EXPRESS CUT WAY THROUGH TREES INTO CANYON

ENTIRE PARTY OF EIGHT KILLED AND BODIES BADLY CHARRED BY FIRE

BY ROBERT W. REDWINE
Associated Press Staff Correspondent.
(Eye Witness at T. A. T. Plane Wreckage.)

GRANT, N. M., Sept. 9.— (AP) — Funeral preparations today marked the final chapters in a story of eight lives snuffed out in the crash of a giant air liner against a mountainside as a pilot battled blindly for a haven of safety against a raging storm.

With five passengers, one a woman, and a crew of three dead, cause of the crash of the City of San Francisco, Transcontinental Air Transport, Inc., plane on Mount Taylor, 20 miles from here, may never be known. A searching party of fifty men, including an Associated Press correspondent, was lead by Sheriff Bob Roberts up precipitious sides of Mount Taylor, which thrusts its jagged peak nearly 12,000 feet into a sky once the lane of the "mistress of the air."

Destruction Complete.

In a little canyon, heavily wooded with giant pine trees, the party of fifty suddenly came upon the scene where charred wreckage marked the final resting place of the huge ship. Over a space of 150 yards the plane was strew in bits, the largest piece of a wing section about ten feet long. Three motors

UNITED STATES OF EUROPE PLANS GAIN HEADWAY AT GENEVA

PROJECT PREMIER BRIAND OF FRANCE MEETING WITH MUCH FAVOR

GENEVA, Sept. 9.—(AP)—Peru today was elected to the seat on the league of naticns council from which Chile automatically retired this year.

Jugoslavia was elected to succeed Rumania, which also retired, and Poland was reelected to the council.

GENEVA, Sept. 9.—(AP)—A conference of the leaders of European states, meeting after luncheon under the chairmanship of Premier Briand of France, today decided it was wise to create ties of solidarity among themselves such as might be described as an European confederation, or "United States of Europe."

The statesmen, representative of their nations at the tenth assembly of the League of Nations, appointed Premier Briand, who is the author of the project for the so-called "United States of Europe," to draft a memorandum on the subject. The morandum will be sent to all European governments for study.

Upon receipt of the replies from the different governments, the

Six Killed In Bus and Truck Crash Monday

BENTON HARBOR, Mich., Sept. 9.—(AP)—Six persons were killed and about 15 injured in the side swiping of a Goodrich transit truck by an Indian Trails passenger bus four miles west of here early Sunday.

The dead:

MRS. JOSE QUIMONES, North Branch, Mich.

Infant child of Mrs. Quimones.

SONNY STUART, 25, negro, Saginaw, Mich.

RICHARD DORADO, Saginaw, Mich.

Unidentified Mexican.

William Shane, 30, of Owosso, Michigan, driver of the bus, was arrested on a charge of negligent homicide.

The list of fatalities was increased to six today with the death of Hezekiam Lambrith, a negro of Flint, Mich.

SOVIET BOMBERS SET FIRE TO CITY ON EAST FRONTIER

RENEWED AND MORE SERIOUS FIGHTING ALONG CHINESE EASTERN RAILWAY

SHANGHAI, Sept. 9.— (AP)—The official Kuomin news agency of the National government tonight reported that "in anticipation of a general Russian offensive, Chinese reinforcements are now rushing northward from Mukden for both Manchuli and Pogranichnaya fronts." The agency declared the heaviest fight yet to occur in Manchuria was in progress between Russian and Chinese soldiers along "the entire Manchurian-Siberian frontier.'

SHANGHAI, Sept. 9.—(AP)—The official Kuomin news agency of the Nationalist government tonight stated the heaviest fighting yet to occur in the Manchurian dispute between Rusisan and Chinese was going on between Russian and Chinese troops along "the entire Manchurian-Siberian frontier."

TOKYO, Sept. 9.—(AP)— Renewed and more serious fighting at both eastern and western termini of the Chinese Eastern Railway in Manchuria were reported today to Rengo, Japanese news agency, in dispatches from Harbin, Manchuria railway center.

Messages to Harbin from Pogranichnaya, eastern border point on the Chinese eastern railway said Soviet air bombs Sunday afternoon set fire to the railway station and surrounding houses there burning them down. A considerable section was burned.

It was the second air attack of the day, the Russian planes having appeared over the small city in the morning and launched bombs against the railway station, killing one Chinese soldier and wounding twenty.

Shortly afterward Soviet infantry advanced to the frontier under protection of their artillery fire. Chinese troops defended themselves and returned the fire with machine guns. Residents were panic

PRICES JUMP ON LATEST GOVERNMENT ESTIMATE FIGURES

TEXAS PRODUCTION THIS YEAR REDUCED TO 4,107,000 BALES IN FORECAST

NEW ORLEANS, Sept. 9. (AP)—Cotton prices soared from $2.50 to $3.50 a bale today under an active demand stimulated by the government's crop estimate of 14,825,000 bales which was smaller than expected. Immediately on resumption of trading following the usual 15 minute suspension of reception of the report October contracts sold up from 18.62 to 19.20, December from 18.92, to 19.40, or 58 to 48 points respectively, above the lows. January scored the maximum gain of 69 points trading up to 19.61.

NEW YORK, Sept. 9.—(AP)—Cotton futures soared from $2 to more than $3 a bale on the New York cotton exchange today, on resumption of trading after susension at noon for the reading of the government crop report. The estimate of that crop as of Sept. 1 at 14,825,000 bales was smaller than had been expected, but fully bore out private estimates of crop damage.

Considerable profit-taking appeared at the higher levels, but offerings were easily absorbed and the higher prices were well maintained. The October position, which closed Saturday at 18.90 cents, shot up 19.44 cents, and the December position, which closed last week at 19.26 cents, rose to 19.69 cents.

WASHINGTON, Sept. 9.—(AP)—A

HEAVY DAMAGE BY HIGH WINDS OVER PARTS OKLAHOMA

HANGAR AT NORMAN AIRPORT WRECKED AND AIRPLANES SCATTERED

OKLAHOMA CITY, Sept. 9.—(AP)—High wind last night concentrating at Norman and Wayne, Okla., spread damage in south central Oklahoma.

A linesman of the American Telephone & Telegraph company reported four houses and a cotton gin were destroyed at Wayne.

A hangar was demolished at the Normann airport and airplanes scattered about the field. Trees were blown down at Norman, several homes were unroofed, windows were smashed and signs hurled into the streets. Damage at the airport was estimated in a report to the police to be approximately $15,000 at the airport.

No serious injuries were reported at either place.

COAST GUARDSMEN WIN BATTLE WITH RUMSTERS ON RIVER

DETROIT, Sept. 9.— (AP) —Rum runners and coast guardsmen met in the Huron river today and engaged in a pistol battle, leaving the government forces in possession of two boats loaded with cases of liquor. No casualties were reported.

The smuggling convoy, consisting of a speed boat and two other craft was discovered in the Huron river at 2 a. m., by the crew of a coast guard boat under command of Chief Boatswain Mate C. A. Halm. The shots were exchanged as the rum runners cut loose the liquor boats and escaped in their speedboat.

JUROR IN TRIAL OF GASTONIA STRIKERS FOR MURDER BECAME SUDDENLY INSANE ON MONDAY

CHARLOTTE, N. C., Sept. 9.—(AP) —The trial of sixteen Gastonia textile strikers and strike leaders on charges of murder growing out of the death of O. F. Aderholt came to an abrupt end here today when J. B. Campbell, a juror, became violently insane.

Judge M. V. Barnhill declared a mistrial.

Campbell became violent on the subject of religion as the jury was being taken into court this morning. Efforts of four men were necessary to put him into a cell.

Campbell, it developed, first showed signs of mental aberration Saturday afternoon after court adjourned over the week-end. He had another attack Saturday night, one Sunday morning and early this morning.

Judge Barnhill ordered a mistrial entered.

Campbell is 46 years old and a news vendor.

The trial which started here on August 26 was the second effort to hear the accusations against Fred Erwin Beal, Lawrence, Mass., labor leader, four other national textile workers union and communist leaders and eight strikers accused of first degree murder for the death of O. F. Aderholt, chief of police of Gastonia. The chief was shot in a gun fight at a tent colony maintained near the Loray coton mill for strokers by the union and the Workers International Relief. Three New York women, Amy Schechter, Vera Buch, and Sophie Melvin, were being tried on second degree murder charges along with the men.

Starts Car By Hand, Is Run Over, Dead

FORT SMITH, Ark., Sept. 9.—(AP) —Miss Catherine Divine, 30, of Houston, Texas, stood outside here automobile here yesterday and pressed the starter with her hand. The machine was in reverse gear, and the starter set it in motion. She was thrown to earth, was run over, and died an hour later. The victim and her mother, Mrs. J. N. Divine, were en route to Kansas City to visit relatives.

LEGION COMMANDER OUTLINES PLANS FOR HIS ADMINISTRATION

COMMANDER-ELECT AMERICAN LEGION IN TEXAS TALKS

ERNEST C. COX VISITS HOME OVER WEEK-END AND TELLS OF WORK

Ernest C. Cox, commander-elect of the American Legion, department of Texas, resident of Corsicana, with headquarters at Austin, spent the week-end with friends here and outlined some of the things which had been done recently in the Legion work and also some of the accomplishments that he hoped to be able to carry out during the tenure of his office. He made it plain that he still considered Corsicana his home town and that he was still paying his poll tax in Navarro county.

Cox was a member of the house of representatives of Texas during the last three terms and was considered one of the leaders of the law-makers and was prominently mentioned as a likely speaker of the house candidate. He resigned a few weeks ago to make the race for the American Legion commandership and a special election has been ordered in the 60th flotorial district composed of Hill and Navarro counties by Governor Dan Moody to elect a successor to Mr. Cox. The legion commander was representative from the 58th district composed of Navarro county for four years and alst year was elected from the flotorial district.

Mr. Cox is a native of Ozra, a small community in Ellis county, but has resided in Corsicana for a number of years. Prior to going to Austin as a representative, he was the boys' director of the State Orphans' Home here and coach of the State Home football team. He is an ex-student of the University of Texas.

Be Inaugurated at Louisville

The new Texas commander will be formally inaugurated as the head of the Texas Legionnairres at the National American Legion convention at Louisville, Ky., October 4. He had been assistant adjutant of the Legion in Texas for the past year or more with headquarters in Austin, as well as caring for his duties in his new connection. He will succeed Rufus F. Scott, Jr., of Paris, as commander.

Cox was elected commander at the legion convention held at Port Arthur, Texas, August 28, over Ben J. Dean, Breckenridge attorney, and Wm. E. Easterwood, Dallas capitalist and chewing gum magnate. He enjoys the distinction of being enlisted now to be elected commander in Texas. He was a sergeant in the machine gun division and at the time the war ended, was in the fourth officers training camp. He was in the 38th division.

Speaking of the policies of his administration, Mr. Cox said that he planned to complete a number of the projects of Scott's administration as well as to start several new ones.

The Americanization program started by Commander Scott will be continued as well as the junior American Legion baseball leagues which were directed this year by Beauford H. Jester of Corsicana, ex-service man, regent of the University of Texas, and president of the Navarro County Bar association.

Child Welfare Work

Commander Cox said that the child welfare work would be emphasized this year. He is the Texas member of the Child Welfare committee of the National American Legion.

"This year's work will be the broadening in the rehabilitation efforts because we are to be allowed to put on a general service officer to handle the compensation claims of the ex-service men, and the putting on of a full-time chaplain and service officer at the United States Veteran's Bureau Hospital No. 93 for ex-service tubercular men at Legion, Texas.

"The legion official family will work in full harmony with all civic and patriotic organizations and we are going to invite the members of these organizations to meet with us and we will have representatives at the major conventions of these organizations," Mr. Cox continued.

Speaking of his election to the commandership at the Port Arthur convention, Mr. Cox declared that his election was not backed by any faction, clique or group in the legion," but that his campaign was sponsored by the sixth legion district which is the same district as the sixth congressional district including the posts of Corsicana, Hillsboro, Kerens, Teague, Mexia, Groesbeck, Cameron, Bryan and others.

No Politics Played

Mr. Cox declared, apparently answering some of the statements made during the convention, that "no politics were played, no promises made, no pledges to give anyone a job or any pledge to keep anyone out made." He said that he had not announced any policy, when questioned by a Sun reporter, but that he would do the best he was capable of doing, and that he was sure that peace and harmony would prevail and that his administration would have the support of the entire legion personnel.

During his five years service in the Texas legislature, Mr. Cox introduced legislation creating the state service department during the 39th session; handled Americanization bills during the 40th session; and during the 41st sessions, introduced the physical education bill making the instruction of physical education compulsory in the public schools of Texas. He also has urged the teaching of the history and meaning of the state and national constitutions in all tax-supported schools. He also urged the bill requiring all teachers in the high schools and grammar schools of Texas to be American citizens, either native or naturalized.

Welfare Work Aided

Mr. Cox also had a part in several bills on the eleemosynary institutions of Texas, one renaming the eleemosynary institutions and defining the duties, powers and the terms of service of the superintendents; a measure requiring all persons, groups or associations conducting day nurses, baby farm or child placement agencies to secure an annual license from the department of health; and aided in securing of amendments to the probate laws—making it possible for the statutes to coincide with the rules and regulations of the United States Veterans' bureau in the handling of claims of disabled veterans in Texas.

The new commander also introduced a bill concerning the bureau of vital statistics and requiring a copy of the identification data on deceased ex-service men to be sent to the nearest American Legion post, a copy to the legion headdata to the state service officer for quarters and another copy of the a three-way check on the benefits to the families of the ex-service men who die.

Commander Cox stated that he hat not completed the plans for the personnel of the state staff to handle the legion work during the approaching year, but that he would announce his appointments about October 1.

Still Corsicanan

"I am still a Navarro county citizen and expect to continue to call Corsicana my home," Mr. Cox declared when queried as to whether he would make Corsicana his home after resigning from the legislature, and said that he would divide his time between Corsicana and Austin. The headquarters of the legion will remain at Austin.

Mr. Cox said that the securing of the legislation for the junior college enactment was one of the most difficult presented to the legislature this year, and there were eighty-seven different amendments offered before the bill was finally passed. He said that he had enjoyed representing Navarro and Hill counties in the Texas legislature and that he had tried to serve his constituency as he thought they desired him to, and had done the best he was able.

FORTY-FIRST LEGISLATURE EXPECTED TO ESTABLISH AN NEW RECORD FOR ENDURANCE

AUSTIN, Sept. 7.—(AP)—With committees and commissions created by the legislature about ready to report, the 41st legislature now is in a position to establish an endurance record.

Already with a regular and three extraordinary sessions for a total of 144 days to its record, it faces the prospect of at least two more special sessions. The record is four special session for a single legislature.

Three importnat matters will come before the legislature this fall or early next winter as a result of findings of legislative commissions and committees. They are the penitentiary problem, fee system and boundary between Oklahoma and Texas.

Any one of these is big enough and loaded with sufficient partisanship to keep the legislators busy a full 30-day extraordinary session, constitutional period. If this should be the case, there are at least three more specials ahead before the 42nd legislature comes into being in January 1931,unless Governor Moody should grow weary and just decide the lawmakers had run their course as far as he was concerned.

There are enough side issues to keep the legislature grinding promiscuously. Included are corrective bills to straighten out the Confederate pension troubles and the measure designed to license barbers. If there should develop a dearth of subjects, the governor could bring his regulation of public utilities and his proposed income tax as a substitute for ad valorem to the front.

Considerable contention is likely to develop over the penitentiary centralization proposal, even among the commission of 18 created by the legislature to make a survey of conditions and report its findings and recommendations.

The commission has returned from a three weeks' visit to penitentiaries of many states and is prepared to decide what it wants to do about the Texas system. If it decides centralization should not be affected on the lands now owned by the state it will make a trip over Texas for the inspection of probable sites for the central prison.

Irrespective of the commission's recommendations the legislature promises to be split on the proposal and a hectic session is virtually certain.

The debate over Texas' attitude with reference to keeping the boundary along the eastern side of the Panhandle is certain to be anything but one sidde. There is strong sentiment to let Oklahoma keep the some 40,000 acres, together with occupants, thrown into Texas by the supreme court's decision in fixing the true 100th meridian as the boundary. There also is firm decision on the part of some legislators to retain the land as part of Texas.

The Texas committee that dickered with Oklahoma over the drafting of a compact which would settle the dispute was supposed to be strongly inclined to refuse flatly any offer of Oklahoma to keep the area, yet it voted almost unanimously to submit to the legislature the compact suggested by Oklahoma under which the line would be left where it has been for many years.

The Oklahomans feel they have more than an even chance to retain the area with the legislature as a whole passing on the proposal.

Almost as warm will be the controversy over the so-called and long talked-about fee system under which county, state and district officers operate.

Report of the committee headed by Senator Pink L. Parrish of Lubbock, who sponsored, unsuccessfully, a bill to limit the compensation of county officials to $10,000 annually, probably will create a furore and bring the same big lobby to Austin that the Parrish bill brought during the last session.

The committee is certain to recommend passage of a bill fixing compensation of county officials according to population, and also enactment of a measure designed to break up the practice of county commissioner's courts contracting for collection of delinquent taxes.

STATE HOME BAND WILL PARTICIPATE IN MEXIA JUBILEE

Embarking on another of their numerous trips throughout Central Texas, the State Home band will go to Mexia Tuesday to take part in the White Way celebration to be held in that city.

It is understood that the Karem Shrine band of Waco, several bands from Dallas ,and possibly another band from Waco, in addition to the State Home band will be on hand to furnish music for the occasion.

Joel C. Trimble, State Home bandmaster, announced Monday that the band will make the trip and take part in the celebration.

-better vegetables

"After applying Vigoro," writes Ad Hennig, of Neenah, Wisconsin. "I had tomatoes three weeks earlier than the year before. They were of a better quality, more delicious, and uniform in size.

"The same success was evident with the rest of my vegetables."

Vigoro is the ideal plant food for lawns, flowers, gardens, shrubbery and trees. It is easy to apply; results are quick and certain.

Clean, dustless, weedless, and Odorless! Vigoro is not to be compared with any other plant food you have ever known. It isn't at all costly.

SOUTHWEST TEAMS WILL OPEN CAMPS PRE-SEASON GRIND

ONLY THREE VETERAN COACHES AT HELM FOR 1929 FLAG CHASE

DALLAS, Sept. 9. (AP)—A swarm of impatient athletes was gathered at seven southwest conference schools today eager for the rise of tomorrow's sun, which will set them on their annual quest for gridiron supremacy. The long grind, from now on to Thanksgiving Day and perhaps beyond, is ahead of them.

Cooler weather of the last several days and waning interest in baseball have combined to innoculate the state with the football germ. Interest will be centered on the training camps for the next few weeks.

The battle for the crown now worn by the Texas university Longhorns promises to be one of the closest in the history of the conference. At least five elevens are due to be as strong or stronger than last year, with only the Arkansas Razorbacks and Rice Institute Owls not considered in the championship running. Too little is known of the Porkers prospects to rate them title contenders, but they will not be taken lightly by any conference foe.

Three Old Coaches

Only three teams will take the field for initial practice tomorrow under the same mentor that guided their efforts last year. Clyde Littlefield again will tutor his champion Longhorns, Ray Morrison will be back at Southern Methodist university, and Morley Jennings will return to Baylor. Jennings, incidentally, is given an excellent chance to pilot the winner in this year's chase, with the Longhorns considered his most dangerous rivals.

The new coaches' who's who includes Matty Bell at Texas A. and M., where he succeeds the former Aggie wizard, Dana X. Bible; Francis Schmidt at Texas Christian university, vice Matty Bell; Fred Thomsen at Arkansas university, replacing Schmidt; and Jack Meagher, former St. Edward's university mentor, at Rice, succeeding Claude Rothgeb.

Mexia Black Cats Schedule Announced

MEXIA, Sept. 7.—(SP)—Save for one tentative date, Mexia high school's football schedule is complete, according to Coach Bobo Nelson. The tentative date is a game between Mexia and Hearne here on September 20, the opening game. The schedule follows:

Sept. 20.—Hearne at Mexia.
Sept. 27.—Waco Orphans at Mexia.
Oct. 4.—Tyler at Mexia.
Oct. 11.—Palestine at Mexia.
Oct. 18.—Coolidge at Mexia.
Oct. 25.—Ennis or Wortham at Mexia.
Nov. 1.—Mexia at Marlin.
Nov. 8.—Mexia at Teague.
Nov. 15.—Corsicana Orphans at Mexia.
Nov. 22.—Itasca at Mexia.

Coach Nelson has been working his men twice daily in an effort to get them in condition for the opening game. His prospects are fairly good, with seven letter men back. They are: Captain F. H. Thompson, end; Rufus Copeland, end; Woodrow Wilson, tackle; Kermit Horn, tackle; Herbert Fry, guard; and Wallace Dorsett and Pop Boswell, backfield men.

Mexia plays in class B, being barely under the 500 scholastic mark, but has two class A games in their schedule, Palestine and Tyler.

W. T. Aven of Roane was in Corsicana on business Saturday.

Roaming the Realm of County Sports

By DELMORE OLSEN.

Practice sessions of the Corsicana Tigers will be held behind locked gates for the rest of the season, with the exception of one day a week when the fans will be invited to watch the Tigers workout, it was announced the other day by Coaches Pierce and Jefferies. The Tiger mentors are beginning this method of practicing earlier than usual this season.

The Tigers are using the Municipal Park as a practice gridiron while numerous improvements are being made at Tiger Field, including th erection of the bleachers in the north side of the field, placing a four foot fence around the playing field, and posts around the sides on which canvas will be placed during the games.

When the improvements are completed at Tiger Field, the athletic plant of the Corsicana High school will rival any in central Texas. It will have a seating capacity of approximately 5,000, and the gridiron itself will be covered with a carpet of green grass.

The Tigers are rapidly rounding into condition and should be able to flash a good brand of football at the opening game of the season at Tiger Field against the Ennis pigskin toters, scheduled for Sept. 20.

On the same afternoon that the Tigers go into action at home, the State Home Lads journey to Cleburne to open their season against the powerful Yellowjackets, semi-finalists in the state race last fall. The State Home Lads are fighting youngsters and will be treated with a great deal more respect in this game than last yar when they were doped to lose the encounter by at least 50 points.

Coach Parker, according to reports of the game brought home by numerous fans that witnessed the contest last year, was greatly surprised by the way the gallant Lads held the Yellowjackets in check during the first half and was overjoyed when the final whistle blew, giving his charges a 19-0 victory.

It goes without saying that the Yellowjackets will treat the Lads with greater respect in the game this year and will not be caught napping as was the case in the opening game last season.

The fall schedule at the Y. M. C. A. will be practically the same as last year, giving the county basketball teams several nights during the week for games. Last year over 130 games were played on the Y. court, and the number of contests during the coming season season should be considerably more.

The Y. M. C. A. basketball tournament for Class B schools will be held as usual this year, with the trophies awarded during the past two years still to be held by one team. In the first tourney, the Rural Shade quintet won first place by defeating the Providence team but last year the tables were turned, the Providence five taking first and the Rural Shade aggregation second.

HERMAN AND O'DOUL TIED FOR NATIONAL LEAGUE SLUGGING TITLE; FOXX LEADS AMERICAN

CHICAGO, Sept. 7.—(AP)—Although slumping slightly during the past two weeks, Jimmy Foxx of the Athletics still heads the field seeking the American league batting championship for 1929.

Unofficial averages, including Wednesday's games, give the slugging Philadelphia first-sacker the season's mark of .373, one less than a week ago and two points better than his closest rival, Lou Fonseca of Cleveland who dropped two points during the past week.

Most of their rivals gained during the week. Al Simmons of the A's boosted his mark from .364 to .366; Manush of St. Louis, gained three points for .365 and Lazzeri of the Yanks hoisted his one point to .355. Other leaders, Combs, New York, .354; Heilmann, Detroit, .348; Ruth, New York, .348; Alexander, Detroit, .354; Miller, Philadelphia, .339; Gehringer, Detroit, and E. Rice, Washington, .331.

"Lefty" Grove increased his margin in the pitching race with another victory during the week and now has a record of 19 won and 2 lost. Zachery of the Yanks also went out and copped another game and while he has been in 22 games he still has to be defeated, winning 10 games. Earnshaw of the Athletics broke even during the week winning one and dropping one for a record of 20 victories and 8 defeats.

Detroit Team Leads.

Philadelphia gained a point in the struggle for team batting honors during the week and is now three points behind the Detroit Tigers, who are setting the pace with .302. In general excellence, however, Connie Mack's band stand out, leading with runs scored with 814 and giving the fewest runs scored against them—543. In ttem fielding the Athletics lead with a .977 percentage.

Other Leaders.

Double plays—Cleveland, 139.
Individual runs—Gehringer, Detroit, 115.
Most hits—Simmons, Philadelphia 187.
Hits for most total bases—Simmons, Philadelphia, 323.
Doubles—Manush, St. Louis, 41.
Triples—Combs, New York; Fonseca, Cleveland; and Gehringer, Detroit, 13.
Home runs—Ruth, New York, 40.
Stolen bases—Gehriger, Detroit, 22.
Runs batted in—Simmons, Philadelphia, 131.
Strike outs—Grove, Philadelphia, 151.

NEW YORK, Sept. 7.—(AP)—The mad scramble between Babe Herman of Brooklyn and Frank O'Doul of Philadelphia for the National league batting championship has tightened to the point where four figures are necessary to reveal any difference between them. The Brooklyn swatsmith shades his Philadelphia rival by .3926 to .3925 in this week's averages, issued today and including games of last Wednesday. Bill Terry of New York has slowed up a bit, and owns a mark of .379.

Other leading regulars: Traynor, Pittsburgh, .371; Hornsby, Chicago, .369; L. Waner, Pittsburgh, .357; Stephenson, Chicago, .355; Klein, Philadelphia, .353; Hendrick, Brooklyn, .351, and Frisch, St. Louis, .348.

Hornsby leads in runs scored with 130 and Ott of New York in runs batted in with 133. O'Doul has 210 hits the largest total, and Frederick sets the pace with 48 doubles. L. Waner leads with 16 triples and Klein with 37 home runs. Cuyler has 34 stolen bases, the high mark in that activity.

Bush Leads Hurlers.

Guy Bush, Chicago ace, is finding his nineteenth victory difficult, but he still heads the league with 13 games won and only 4 lost for a percentage of .818. Burleigh Grimes the Pittsburgh spitter, is only half a game away with 17 and 4 for a percentage of .810.

The Phillies, the Cubs and the Pirates are in the .300 class in team batting, the Phils leading with .309. The other two are tied at .304. The Cubs top the list in the field with .975 one point more than the Giants and the Reds show in a tie for second place.

BROCK TAKES OFFICE.

WASHINGTON, Spt. .—(AP)— William E. Brock of Chattanooga, took the oath today as successor to the late Senator Lawrence D. Tyson of Tennessee.

Sun Want Ads Bring Buyers.

WINNER SECOND HALF GETS FIRST PLAY-OFF GAMES

TWENTY MEN WILL BE ELIGIBLE FOR SERIES; CERTIFY MONDAY

DALLAS, Sept. 9.—(AP)—No matter which club they meet in the Texas league play-off, the Dallas Steers, first half champs, will face something of a handicap as the result of arrangements for the saw-off completed here yesterday.

The first two tilts of the five-game series will be played in the city winning the last half. Although Houston opened last year's play-off at Wichita Falls and won eventually, it is conceded the home club will have the better chance to get a jump in the series.

Three clubs, Wichita Falls, Houston and Shreveport, were represented at yesterday's meeting.

The championship series will open Wednesday, September 18, in the second half tilists' stronghold. Friday will be an off-day, after which the series will be completed at Dallas. Players eligible for the play-off must be certified to the league president by midnight tonight. Twenty will be eligible on each day.

Bennet of Spudders Regained Top Texas League Swat Race

DALLAS, Sept. 9.—(AP)—Fred Bennett, Wichita slugger, took a firm hold on the Texas League batting leadership when his toughest rival, Jimmy Moore, Dallas, suffered a serious slump during the past week. Bennett's .373 topped Randy Moore, Dallas, and Pete Lapan, Wichita, tied for second, by 10 points.

Other leading hitters were J. Moore, Dallas, .362; Blackerby, Waco, .362; Bonowitz, Fort Worth, .353; Langford, Shreveport, .352; Rosenthal, Dallas, .350; Whitworth, Fort Worth, .337; Starr, Shreveport, .335; E. Moore, Fort Worth, .334.

With a week of play remaining, Eddie Moore of the Cats led in runs scored with 129; Randy Moore in total hits, 228, and doubles, 47; Eddie Moore in triples, 25; and Blackerby, Waco, in homers with 32. Pepper Martin, Houston, had swiped 40 bases.

George Payne, Spudder ace, led the league's hurlers with 27 victories, although Rhem, Houston, had won seven and lost one for the best winning average. Lindsey, Houston, had 21 triumphs. Messenger, Wichita Falls, had 134 strikeouts to his credit.

Fort Worth went to the top in club batting with an average of .301. Dallas and Wichita Falls were tied at .299.

"Skinny" O'Neal, San Antonio chunker, has won only one game and lost 12.

Malakoff Club Will Play Navarro Teams

MALAKOFF, Sept. 9.—Seven games have been scheduled by the Malakoff Tiger football eleven for the approaching season as follows:

Sept. 20—I. O. O. F. Home at Corsicana.
Sept. 27—Terrell at Malakoff.
Oct. 4—Kerens at Kerens.
Oct. 11—Open (probably Dallas Tech at Dallas).
Oct. 18—Wortham at Malakoff.
Oct. 25—Open (probably Kemp at Malakoff).
Nov. 1—Kerens at Malakoff.
Nov. 8—Palestine at Jalestine.
Nov. 15—State Home at Malakoff
Nov. 22—Open.
Thanksgiving—Open.

Man Killed in Rail Camp Near Malakoff

MALAKOFF, Sept. 9.—(AP)— The body of H. Hope, also known here as H. Barber, was sent to Athens last night. He was killed in an altercation at a railroad grading camp here yesterday. His home was said to be at Lufkin. A 21-year-old man was in jail at Athens, but no charges were filed against him.

T. M. Campbell of Oil Ridge was here on business Saturday.

FUNERAL SERVICES SUNDAY FOR PIONEER RESIDENT OF CITY

MISS MOLLIE M'MILLAN DIED FOLLOWING FALL FACTURING HIP

Miss Mollie McMillan, 79 years of age, native of Alabama, but resident of Navarro county for 77 years, died at the home of her nephew, W. P. McCammon, 420 West Sixth avenue, Saturday evening at 9:15 o'clock following an illness of several days, and the funeral was held Sunday afternoon at 5 o'clock from the McCammon home with interment in Oakwood cemetery. Miss McMillan resided at Dresden a number of years prior to moving to Corsicana 49 years ago. She had made her home with the McCammon family for 19 years.

Miss McMillan fell several days ago, fracturing her hip.

The funeral services were conducted by Rev. F. P. Culver, pastor of the First Methodist church, of which she was a member.

Surviving are two sisters, Mrs. E. Wiley Johnson and Miss Millie McMillan, both of Corsicana, and numerous other relatives.

Pallbearers were C. L. Knox, Ig A. Johnson, C. W. Taylor, A. B. Douglas and T. J. Walton, all of Corsicana; and E. N. Johnson, W. N. Johnson and W. H. Johnson, all of Dallas.

Music at the funeral was furnished by Mrs. Harry Williams, Mrs. W. R. Sneed, Mrs. Rufus N. Elliott, Miss Dorothy Drane, Edgar Metcalf, Roy Leeds and Robert E. Layton, with Miss Jo Jarrell at the piano.

COUNTY MARKETING BODIES BE FORMED BY LOCAL BANKS

DALLAS, Sept. 9.—(AP)—Organization of county co-operative market associations under supervision of local banks to handle money secured from the $500,000,000 federal agricultural relief fund was recommended in resolutions adopted at a meeting of the Texas State Bankers Association directorate and other financial leaders here today.

At the same time Governor Dan Moody, who attended the meeting, called a conference of a committee of 30 bankers, named by the directors, to meet in Waco next Monday to discuss plans for final organization of county units.

The full personnel of the directors and a dozen other leading bankers attended the closed conference to consider plans for handling federal relief funds in event money should be demanded or needed in Texas.

A. A. Horne of Galveston, president of the association, explained that the plan of county co-operative marketing associations receiving the relief funds and distributing them among the producers was provided for in the congressional action which created the federal farm board and provided for the large relief fund.

That the banks of the state were in better financial condition than in several years to aid in financinng the movement and disposition of the 1929 cotton crop was assured by those attending the meeting. It was pointed out also that there was no actual need for calling on the federal fund this year.

NEGRO IS SLAIN BY SON IN ELLIS COUNTY SUNDAY

ENNIS, Sept. 9.—(Spl)—Simon Tillman, negro, was in jail here Monday morning being held in connection with the death of his father, Simmie Tillman, who was killed Sunday night about 7:30 at his home on the Bob Chapman farm in the southern part of this county. The elder Tillman was shot twice in the face with a shotgun.

Constable Roberts said Monday morning that family trouble was the cause of the altercation, and that Simon Tillman had made a statement in connection with the case. Roberts also stated that Simon Tillman would be transferred to the county jail at Waxahachie where a formal charge of murder would be filed.

Local Chapter of U. D. C. Will Meet Next Wednesday

After a two months' vacation the Daughters of the Confederacy will meet in regular business session Wednesday afternoon Sept. 11 promptly at 3:30 o'clock at the Navarro hotel. The president, Mrs. C. D. Speed will preside at this meeting and she requests that all members be present if possible. This is an important session of the chapter for, at this time, officers for the ensuing year will be elected and other important business matters settled before the winding up of the year's work. Confederate veterans and friends of the Confederacy are cordially invited to attend.

DEMOCRATIC DEBT SMALLER.

WASHINGTON, Sept. 7.—(AP)—The national democratic committee reported today to the clerk of the house that its unpaid obligations on August 21 amounted to $416,937, as compared to $557,775 on May 31.

W. L. Bailey of Angus visited in the city Saturday afternoon.

Sun W

CORSICANA WILL HAVE LARGE NUMBER BOYS COLLEGE TEAMS

Practically all of the football players who finished school here last year are planning to attend college and it is expected that a number will appear in the line-ups of college teams within the next few months.

Co-captain Red Jackson, tackle, is to enter Texas A. & M. college, College Station.

Leslie Wareing, tackle, all-state man, is already entered Texas A. and M. college.

Henry L. Grave, fullback, will enter A. & M. this fall.

Eldon Megarity, end, will matriculate in Baylor university, Waco.

Morey Millerman, half, will enter Baylor university.

Ed Price, all-state end, all-state basketball center, will enter the University of Texas.

Jack McNutt, allstate half, has already entered Southern Methodist University, Dallas.

Clyde Ross and John Ross, both guards, and Tommie Jacks, quarterback, will enter Texas Tech, Lubbock, Texas.

Hugh Drane, end and back, goes to Trinity university, Waxahachie.

Lewis Allen, end, and Charles Pugh, guard, do not intend to go to college this fall.

E. W. Hable, lineman and end at A. & M. college, will leave in a few days. He will likely be shifted to an end position. Roy Varnell, full back on Aggie squad several years, is also likely to be shifted to an end position.

Tracy Varnell is at Waxahachie in Trinity and will like be a regular this season.

Roy Dillon, Corsicana product, will be assistant coach at Trinity and Logan Stollenwerck, formerly assistant coach of the Corsicana high school, will be head coach at Trinity university.

J. F. Lumsden will likely return to Rice Institute, Houston. He was a star on the freshman club last year and was captain of the Tigers in 1927.

Max Lowery, formerly star center on the Corsicana squad will report to the Trinity university training camp next week.

Campbell Pugh, huge 220-pound guard at Trinity last year, will not return this year but has entered business in Shreveport, La.

Felix White, end, and Tommy Younger, center, will return to Centenary college, Shreveport, La. Younger is expected to be one of the outstanding linemen of the Gentlemen club during the approaching season.

Shower Is Given Mrs. A. M. Keathley At Keller Home

The home of Mrs. E. A. Keller on last Wednesday afternoon was the scene of a social party given by members of the Blue Bonnet club. The home was prettily decorated with giant red zennias. The nature of the party was a handkerchief shower given for Mrs. A. M. Keathley, who is to depart for Dallas, her new home, soon. It is with the deepest regret we give Mrs. Keathley up, but our loss is somebody's else's gain, as Mrs. Keathley will be a valuable asset to any community or place. Being of a lovable disposition she has endeared herself to all she has come in contact with while in our midst. The numbers of beautiful handkerchiefs she received is another proof of the high esteem in which we held her.

Mrs. E. C. Stokes assisted Mrs. Keller in entertaining. After an hour or so the hostesses served dainty refreshments, consisting of Hawaaiian salad topped off with whipped cream and Marachino cherries, cake and ice cream, lemonade. At a late hour the guests departed, thanking the hostesses for th pleasant as well as sad occasion.

REPORTER.

Cream Supper

There will be an ice cream supper at Dresdon tabernacle Saturday night, Sept. 14, 1929, for the benefit of the church. Everybody cordially invited.

Corsicana Couple Married in Oklahoma

R. M. DeWitt, Dallas, and Miss Fama Crowther, daughter of Mrs. J. H. Faison, Corsicana, were quietly married Sunday, September 1, in Durant, Oklahoma, and will make their future home in Dallas. The bridegroom is the son of Mr. and Mrs. M. H. DeWitt, of this city.

Mr. DeWitt is special representative of the Gulf States Life Insurance Company. He is a former resident of this city where he is well known and has many friends.

The bride is a very attractive, talented and accomplished young lady, and a graduate of the Corsicana high school. She specialized in dramatic reading and has participated in many local entertainments. At the time of her marriage she was office secretary for Chas. G. Jester. She is very popular in Corsicana.

Mr. and Mrs. DeWitt will leave shortly for Houston where after a three weeks sojourn they will be at home in Dallas. Their many friends here join in wishing them a long and happily married life.

No chance here, every Cash Ticket good on our Premium Counter, Fountain Pens, Kodaks, Loose Leaf Notebooks with name in Gold, Footballs, Etc, Etc.—City Book Store.

Cream Supper

There will be an ice cream supper at Roane Methodist Church Friday night, Sept. 13th, benefit of the church. Everybody invited.

REBECCA ROGERS BEING TRIED FOR BUDA BANK HOLDUP

(Continued from Page 1)

jury at LaGrange in 1927 refused to accept the contention of the defense that Mrs. Rogers was insane when she held up the bank with a pistol, escaped to Austin in an automobile with $1,000 and later was arrested by state rangers.

There was surprisingly scant number of spectators in the tiny court room when Mrs. Rogers, accompanied by her husband and mother, entered. She was dressed in a green and white ensemble and wore a small, blue hat and black slippers.

Defendant Demure.

While attorneys whispered in groups about the room preparatory to calling the jury roll, Mrs. Rogers' eyes remained almost constantly downcast. Occasionally they would rest on District Judge John Watson of Cameron, temporarily occupying the bench for Judge M. C. Jeffrey, and then would shift to members of the state and defense staffs.

Only once or twice during the lull that preceded the trial did she converse with her mother.

That the trial would be lengthy became increasingly apparent today as Rogers and District Attorney Blundell scanned their list of witnesses. It was believed the defense particularly would go far back into the life of the defendant with testimony relative to her associations before she attended the State University, was married secretly to the man now waging a desperate battle for her liberty and later was employed as a stenographer in the attorney general's department when Governor Dan Moody was in charge.

New Defense Witness

Among the new defense witnesses by which her attorneys will seek to prove that Mrs. Rogers was unbalanced mentally when the bank was robbed were members of the medical staff of the San Antonio State Hospital for the Insane, where the defendant had been under observation for some time; Deputy Sheriffs D. S. Rains and Malcolm Davis of Tarrant county; Sterling P. Clark, a former sheriff; Judge Hal S. Lattimore of Fort Worth and Assistant Criminal District Attorney M. H. Brown.

District Attorney Blundell promised new testimony in the case but divulged neither the name nor the number of witnesses.

NEW BRAUNFELS, Sept. 9.—(AP)—For the third time since a day in 1926, when a girl held up employes of the Farmers National Bank of Buda and escaped in a motor car with $1,000, Mrs. Rebecca Bradley Rogers today was ready to stand trial on a charge of robbery with firearms.

At LaGrange, almost one year after the peaceful Central Texas town had been rocked by the episode, a Fayette county jury refused to believe the former University of Texas student was suffering from temporary insanity when she posed as a newspaper reporter to gain entrance to the bank. She was found guilty and given a 15-year sentence.

The court of criminal appeals reversed the verdict, a second trial was ordered at LaGrange and after weary hours of questioning had failed to yield a jury, the case was ordered to New Braunfels.

Before a new jurist, Otis Rogers, husband of the demendant, planned to match the testimony of defense alienists against that of state mental experts in the hope of establishing an insanity defense. The plea of dementia praecox—temporary insanity—seemed likely to be abandoned entirely by the defense staff. In its place probably will be offered testimony from a parade of witnesses who will be called upon to detail phases of heredity, association and environment, from which may be deduced the belief Mrs. Rogers was insane.

Dr. W. J. Johnson, superintendent of the San Antonio hospital for insane, and his entire medical staff were summoned as aids to Rogers in his legal fight for the liberty of his wife. From Rogers home, in Fort Worth, he has called District Judge Hal S. Lattimore, M. H. Brown, assistant criminal district attorney, and peace officers.

For the first time yesterday Rogers revealed evidence which Dr. Johnson may offer will be based on observations at the state hospital, where Mrs. Rogers has been taken repeatedly for observation.

District Attorney L. Fred Blundell, successful in his conviction of the woman defendant, will counter defense testimony with expert mental witnesses.

District Judge John Watson of Milam county will preside, having exchanged benches with Judge M. C. Jeffrey of the twenty second judicial district, who officated at the two previous hearings.

Jess Young of Zions Rest was in Corsicana Saturday.

THREE KILLED IN CRASH OF PLANE IN PERSIA SATURDAY

SIMILA, India, Sept. 7.—(AP)—The England to India air mail plane crashed today at Jask, Persia, killing three persons and injuring two. The machine, passengers' bodies and the mail were all burned.

The three killed were Captain A. E. Woolbridge, pilot; Mr. Bell of London, a passenger, and an assistant mechanic named Court. The two injured were the wireless operator Bourne, and the mechanic Amor. Both are expected to recover.

FALL OPENING

Formal Opening and Showing
of Autumn Fashions

At Cox's—Tuesday Evening — 8 to 10 p. m.

COX'S invites you to an Exhibition of Autumn Fashions Tuesday evening from 8 to 10 o'clock. This occasion will be a friendly get-together when we present for your approval, the authentic fall fashions for men, women and children. Come in and see the new things, see the completely remodeled store, meet your friends and spend a pleasant hour with us. No merchandise will be sold.

Flowers for the Ladies **Refreshments**

Music by "Pepper Shakers" Orchestra.

Cox Is Ready for Fall

IN May when this store was opened by the R. E. Cox Dry Goods Company, we promised the people of this section a modern department store, as complete and up-to-date as was possible. Slowly but surely, we have worked toward that aim—improving here—renovating there, installing new equipment and new fixtures, buying thousands and thousands of dollars worth of merchandise. Now with the arrival of the Fall season, Cox's is ready! Ready with a brand new store, with sparkling NEW merchandise in every section, with improvements, with new departments, with new lines and new personnel—a NEW store, a complete store through and through. Now we invite you to come to see us. Now we can give you the high standard of merchandise and service for which this firm is known. Now, we're READY!

FILLERS PRINCIPAL SPEAKER TO YOUNG PEOPLE ON SUNDAY

H. D. Fillers, superintendent of the Corsicana public schools, gave the principal address in the young people's department of the First Methodist church Sunday morning, and Mrs. Andy Autrey, accompanied by Mrs. Lynne Wortham, sang a solo. The program was presented the young people's department and the high school department meeting jointly. Mrs. Lynne Wortham and Mrs. A. W. Rogers were in charge of the program.

Maurice Keathley, assisted by members of the Young Men's Bible class will arrange the program for next Sunday.

Ten members of the high school department were welcomed into the Young People's department. Sunday was not regular promotion day, but since several boys and girls are going away to college within the next few days, they were given the opportunity to become members of that department.

Sunday's attendance in the Young Men's Bible class showed an increase over previous days, having about 30 present. Beauford H. Jester gave the lesson which dealt with the Jews' return to Jerusalem after being held prisoners in Babylonia for many years. Mr. Jester contrasted the characteristics of Ezra and Nemiah, in rebuilding the city.

TRAINING CAMP FOR BAND

FARMINGDALE, N. Y., Sept. 9.—(AP)—And now a college band has to have pre-season training just like the football team. New York university's musicians, 70 strong, have succumber to camp to get into shape for strenuous support of the athletics.

PROSPECTS FOR ANOTHER TEXAS CAMPAIGN IN WHICH TAMMANY WILL HAVE PART

By R. W. BARRY
(Associated Press Staff Writer.)

AUSTIN, Sept. 9.—(AP)—Hope expressed here the other day by Dave W. Wilcox of Georgetown, chairman of the state Democratic executive committee, that the campaign next year be free of Hoover-Smith factional unpleasantries, could be accepted in liberal construction as meaning considerable.

It could be taken as a broad hint that the state committee will not bar from participation in the primaries those Democrats who crawled out of their party skins temporarily to vote against Gov. Alfred Smith of New York.

But, even should not another word be said by the party managers about excommunicating candidates and voters for their past misbehavior the chances look good for another bitter campaign in which the name Tammany will be hantered about and sinful influence of intoxicating liquor held up as likely to destroy the state unless the white-ribbon wearers stay on the job and put into state offices men and women who are "on guard" ceaselessly.

There is considerable talk about anti-Tammany Democrats —those who went to the other side to help Texas go Republican last year—organizing themselves for the fight and formulating a straight ticket from governor on down.

Senator Thomas B. Love of Dallas, already announced for governor, would be that element's choice to head the ticket should a convention be held, according to those who have been out over the state. There is a movement on now to induce Alvin S. Moody of Holuston to stand for lieutenant governor. Moody was a member of the state executive committee and quit it in a grand fracas over the democratic presidential nominee.

There has been some talk of Moody running for governor or United States senator. The name "Moody" might prove an asset to him, some think. In fact, it was pointed out that Alvin Moody went to New York awhile back and newspaper readers of the East had a difficult time getting it straight that the "Mr. Moody from Texas" being widely interviewed was not "Governor Dan Moody of Texas."

Dwight Lewelling of Dallas has been mentioned as the probable choice of the anti-Tammanyites for attorney general.

It is rumored that a state-wide convention will be called early next year for the purpose of picking a complete ticket.

There does not sem to be be an early rush for the place of lieutenant governor. Senator J. D. Parnell of Wichita Falls, who lost last time, is the only candidate so far, although Representative Ray Holder of Lancaster, has been threatening his announcement. He has almost decided, though, that should Speaker W. S. Barron of Bryan want the place he will support Barron. Senator Joe M. Moore of Greenville has definitely decided to keep on representing his constituents as a senator, it has been reported.

Senator W. A. Williamson of San Antonio in the person of young Maury Maverick, member of the Maverick family of Texas history making fame, has confided in some of his friends he would like to be lieutenant governor and—win or lose—is thinking seriously of trying his hand in stat politics.

"Southwest Texas certainly ought to have a lieutenant governor as long as she can't get a governor," Maverick said. "If I should run my platform would be short. I would be mostly a hand-shaking lieutenant governor. Be someone from Southwest Texans to call on when they come to Austin."

Most people who know Maverick's sense of humor will think he is joking—but he isn't. His formal announcement may be out before this is printed.

Anyway he is a successful business man. He was educated at the University of Texas for the law, but drifted into the lumber business after a few years' practice. He was a first lieutenant in the World War, was wounded and cited for gallantry in action in the Meuse-Argonne offensive of Oct. 5, 1918.

CARD OF THANKS.

We wish to take this method of thanking all woh were so kind to us during the illness and death of our wife and mother, Mrs. Henry Boyd. We also wish to thank all those who sent the beautiful floral offerings and to thank the singers from Blooming Grove. We assure every one that your kindness will never be forgotten and that it made our burden easier to bear.

HENRY L. BOYD,
MISS GLADYS FLOWERS

FORMER CORSICANA MAN SERIOUSLY ILL DALLAS HOSPITAL

DALLAS, Sept. 9.—(SP)—Charles E. Lee, for many years county surveyor of Navarro county and formerly chairman of the board of deacons of the first Baptist church of Corsicana, is seriously ill at Baylor hospital here of pneumonia.

Mr. Lee is 76 years of age. He has lived in Beaumont during the last eight years. Mr. Lee is the father of E. C. Lee of Beaumont, N. H. Lee of Dallas, and Ray E. Lee of Austin, all of whom were

Kansan Is Killed By Sheriff in Rum Raid

WICHITA, Kas., Sept. 9.—(AP)—J. D. Ellsworth, 30, died in a Wichita hospital today from a wound in his chest, received last night near Howard, Kas., at the hands of Sheriff W. P. Brown of Elk county, who said Ellsworth resisted arrest when he and two other officers halted his motor car on suspicion he was running whiskey.

Fifteen gallons of liquor were found in Ellsworth's motor car, Sheriff Brown said. He declared the man had reached for a gun when he was stopped.

Varied Docket For Corporation Court

Two charges of vagrancy, one of affray, one of associating with a prostitute, one of intoxication, one of making a left hand turn, and one of reckless driving appeared on the docket of the corporation court Monday morning as a result of arrests made for week-end infractions of the city statutes.

Judge H. S. Melear dispensed justice in each case in his usual manner.

COSTLY FISHING

NORTH BAY, Ont., Sept. 9.—(AP)—For extensive fishing, J. A. Lambert, of Xenia, Ohio, is out $20 plus and all his equipment. He was found with 67 fish weighing 300 pounds, just 77 more pounds than he was supposed to catch. Besides he had no license. A fine plus costs was imposed.

FORMAL OPENING ANNOUNCED BY COX DRY GOODS COMPANY TUESDAY EVENING 8 TO 10 P. M.

Tuesday evening from 8 to 10 o'clock, the R. E. Cox Dry Goods Company will be hosts to all Corsicana and Navarro county on the occasion of their autumn fashion show.

This occasion marks the completion of the extensive remodeling operations that have been under way since the Cox store opened in May, and comes as an announcement of the fact that the Cox store is now ready for fall, according to G. L. Cox, manager of the Corsicana store.

In the Cox advertisement to be found in this isue of this paper is their invitation to all the citizens of Corsicana and Navarro county. In commenting on the event, Mr. Cox said:

"We hope to have a great many people of Corsicana and surrounding territory visit our store on the occasion of our fall opening, and we extend a cordial invitation to all of them. We have worked consistently since our opening here early in the summer to prepare the store as we would like to have it. In this connection all the remodeling has been completed, a new elevator installed and running, many new fixtures installed, sales personel enlarged and supplemented, and on top of that, many thousands of Dollars worth of the best goods our buyers could find have been received and are now ready for inspection."

No merchandise will be sold during the reception hours on Tuesday evening. The store will close as usual at 6 o'clock but will reopen at 8, and remain open until 10. Flowers have been provided for the ladies, there will be refreshments for all, and contributing to the enjoyment of the occasion will be the Pepper Shakers Orchestra, playing popular selections all evening. The orchestra will be located on the second floor.

Mr. Cox pointed out the fact that not only had complete assortments of merchandise for the existing departments been received for fall, but that many new departments been received for fall, but that many new departments had been added. One of the new departments which greets visitors is the men's section to be seen as you enter the right door. The remodeled shoe section is another first floor department that wins interest. But the second floor at Cox's, called the Fashion Floor, is where the most drastic changes have taken place. This whole floor has been remodeled with new fixtures added, until the view which greets the eye upon leaving the elevator is one resembling many stores in large cities. All the ready-to-wear, millinery, underwear and other fashion merchandise for women is located on this floor.

HEAVY RAIN AT TEAGUE.

TEAGUE, Sept. 9.—(Spl). — Heavy rains fell in this section early Sunday morning which broke an almost continuous drougth of several weeks.

The rain is thought to do more harm than good to cotton, because so much of it was open in the fields; however the rains will prove beneficial to grass and cattle.

EYES OF WORLD FOCUSED ON GENEVA AND LEAGUE NATIONS ASSEMBLY DURING PAST WEEK

BY FRANK HAVILAND KING
Cable Editor, The Associated Press

This has been "Geneva Week" for world news. The tenth assembly of the League of Nations opened Monday, and there for the present is focused not only the interest of 58 member nations of the League, but of non-members such as the United States and Soviet Russia as well.

World problems of the day, naval power, Arab-Jewish troubles in Palastine, the "United States of Europe," Far Eastern and Latin-American situations have featured the proceedings.

Ramsay MacDonald, British prime minister, chose the Geneva rostrum to announce the progress Great Britain and the United States have made toward disarmament. He told the comopolitan meeting he and President Hoover hoped to arrive at an agreement leading to settlement of land and sea power, not only between United States and Great Britain, but throughout the entire world.

Discuss America.

The United States again dominated League discussions Wednesday when another step toward American adherence to the World Court of International Justice at the Hague was taken. Member nations of the court unanimously approved the revised protocol prepared by Elihu Root, providing means of American participation in the work of the tribunal with reservations. Only ratification by the senate stands in the way of American membership.

A United States of another kind held the League floor as Aristide Briand, premier of France, utlined an economic and political European federation which has caught popular fancy under the term, "United States of Europe." Briand surprised some observers by advocating a confederation involving political as well as economic aspects. The reference he made before the League itself and later to journalists gave such impetus to the plan that representatives of European states will confer wih him on the subject this week.

Palestine Affair.

Amir El Hussein, Grand Mufti of Jerusalem and president of the Moslem supreme council, probably voiced Islam accurately declaring peace could not be restored in Palestine until the policy of attempting to create a National Jewish home there is scrapped. In no uncertain terms, Aruthur Henderson, British foreign secretary, informed the League his country would live up to the responsibilities of its mandate in Palestine, restore order, make full inquiry of recent troubles and punish agitators.

Ramsay MacDonald rushed back to England from Geneva just in time to see British royal air force flyers defend the Schneider trophy for seaplane speed. Young flying officer H. R. D. Waghorn ripped through the air at five and a half miles a minute, or 328.63 miles an hour to win.

CONDEMNED CISCO BANK BANDIT PAYS WITH LIFE IN CHAIR

FOUGHT DESPERATELY AGAINST BEING TAKEN TO DEATH CHAMBER

HUNTSVILLE, Sept. 6.—(AP)—Battling like a trapped beast, Henry Helms, Cisco "Santa Claus" bank robber, expiated his crime in the electric chair early today after a desperate effort to prevent being carried to the death chamber. Although in a weak condition, Helms struggled with the guards from his cell until he was strapped in the chair.

As the clock in the prison tower began tolling the midnight hour, Captain Homer Knighten, assistant warden, arose and checked carefully the persons assembled in the warden's office Once satisfied that only those who were supposed to be witnesses were present, Captain Knighten led the silent group down the corridor, through numerous heavily guarded gates, across the yard to the death chamber.

Helms was lying on the floor apparently asleep as Captain Knighten and the guards entered the death chamber to escort him down the "one-way corridor." He remained motionless until the two guards who entered his cell placed ed their hands on him then the battle started.

Fights Off Guards.

Realizing death was waiting, Helms with the strength of a madman tore himself free from the clutches of the two guards and retreated to the back of his cell.

With his breath coming short and fast, Helms, with his back to the wall, waited for the guards to make the next move. Two other guards were ordered into the cell. The four guards closed in on the prisoner and started dragging him toward the door.

M h difficulty was experienced in getting him through the door. Helms made a desperate effort to grasp one of the bars, but his fingers only grazed the cold steel. Down the corridor the group proceded with Helms writhing, twisting and setting back. On past the cell of Marshall Ratliff, who is under death sentence also for the holdup of the Cisco bank, the same crime Helms died for, to the "little green door."

Final Struggle Fails.

Mustering his fast waning strength, Helms made a desperate attempt to loose himself. But long confinement had sapped his vitality, and the four guards dragged him on through the little door. When Helms saw the chair, he became frantic and his efforts to free himself became more desperate.

He stared unseeing at the group of witnesses and at the chaplain and the assistant warden. As the condemned man's eyes glanced at the chair his chin became set, he raised his eyes to the ceiling and muttered something. He made one effort to jump from the chair, but once his arms were fastened by leather thongs he appeared calmer.

Sergeant H. J. Howard gave one swift look, took two or three steps to the switchboard, and shoved in the lever. Three charges were sent through Helms' body.

The current was applied at 12:10 a. m., and Helms was pronounced dead by the prison physicians six minutes later.

PROPOSE REVISION LEAGUE COVENANT TO REALLY OUTLAW WAR

GENEVA, Sept. 6.—(AP)—The covenant of the League of Nations has been found lacking in effective means to prevent war by statesmen taking part in the league's tenth assembly session.

Taking a bond step to make the covenant at least as strong as the Kellogg renunciation of war pact, the British labor government today introduced a resolution into the assembly calling for revision of the league covenant so that henceforth war may be really banished.

The resolution was introduced by Foreign Secretary Arthur Renderson of Great Britain, and was made in behalf also of France, Italy, Belgium, Chile and Denmark.

Great applause broke forth from delegates and auditors when Mr. Henderson announced the British resolution also had the support of the German delegation.

The resolution says that the tenth assembly of the League of Nations notes with satisfaction the general adherence of states which are members of the League to the Paris pact, devised by former Secretary of State Kellogg and Premier Briand, which imposes on its signatories the renunciation of war as an instrument of national policy.

It considers the assembly should take account of the progress thus made and deems it desirable to examine Articles 12 and 15 of the covenant to determine whether it is necessary to make modifications in them.

Will Not Abandon Mandate.

GENEVA, Sept. 6.—(AP)—Foreign Minister Arthur Henderson of Great Britain declared before the council of the League of Nations today that Great Britain had no intention of abandoning the mandate for Palestine. He said his country would adhere to the Balfour declaration calling for the establishment of a national home for Jews in Palestine. The British now have the situation in the country well in hand, he said.

W. H. Warren Visits Home For Few Days

W. H. Warren, special prohibition agent, resident of Corsicana many years, who is working under the prohibition commissioner, Washington, arrived home for a several days' stay Saturday morning. He has spent the past three months in Detroit, Mich., and will leave Corsicana in a few days for Houston on official business.

Mr. Warren was appointed to this post several months ago.

A. B. Thompson of Black Hills was here on business Saturday.

Jack Ingram of Drane visited in the city Saturday.

Mrs. Sid Foster of Barry was a Corsicana visitor Saturday.

Navarro County Couple in Serious Automobile Crash

Relatives and friends of Prof. and Mrs. Lewis P. Hodge were shocked at the recent news of the dangerous automobile wreck in which they narrowly escaped death and in which their car was completely demolished. They were returning home from Greeley, Colo., whre they had on Aug. 24, graduated from Colorado State Teachers' College and when about 18 miles out the accident occurred. Details as to how and why have not been available. From last reports they are still in the hospital in Greeley and the extent of their injuries has not been fully determined. Prof. Hodge is superintendent and Mrs. Hodge one of the efficient teachers in Barry High school. It is thought that on account of the accident the opening of the school which was scheduled for Sept. 9, will be postponed. Prof. Hodge is a nephew of Mrs. M. S. Clayton and cousin of Mrs. W. H. Hastings of this city, and son of Mr. and Mrs. Dink Hodge of Chatfield.

WEST TEXAS RAIN WILL BE OF GREAT BENEFIT TO RANGES

SAN ANGELO, Sept. 6.—(AP)—Almost too late to benefit crops but of inestimable value to ranges, scattered rains fell last night over this section of West Texas. The precipitation in places exceeded one inch. The fall in San Angelo measured .60 inch. Cool and cloudy weather prevailed today.

Towns reporting good rains included Christoval, El Dorado, Sonora, Mertzon, Barnhart, Ozona, Fort Stockton, Sterling City, Blackwell, Sweetwater, Ballinger and Coleman.

Rain at Eden interferred with the Concho county fair.

Rain at Wichita Falls.

WICHITA FALLS, Sept. 6.—(AP)—A violent electrical and rain storm visited this city and vicinity last night. Light and telephone service was interrupted temporarily. Approximately half an inch of rain fell here while the precipitation through the area ranged from a half inch to two inches.

TEAGUE SCHOOLS WILL OPEN MONDAY, SEPTEMBER 16TH

TEAGUE, Sept. 7.—(Spl).—Teague schools will open Monday, Sept. 16. Mr. L. Notley is again superintendent of the schools which will be his tenth year in succession.

The following teachers compose the faculty for the coming term: G. O. Gregory, principal of High school; Miss Sallie Mounger, principal of the O. M. Roberts school; J. D. Avinger, Miss Stella Connell, Miss Bertha Pool Deal, Miss Cornelia Hildebrand, Miss Mildred McElroy, Miss Winnifred McElroy, Miss Mary Lou McMichael, Mrs. H. C. McMichael, Jr., Mrs. W. F. Stiles, Miss Lelia Weaver, Miss Maggie Black, Mrs. O. S. Cain, Miss Bertha Curry, Mrs. Gordon Grayson, Miss Alta Headlee, Miss Clara Headlee, Miss Pauline Hudnall, Miss Ruth Lee, Mrs. Lillian Quaite, Miss Autrey Smith, Miss Roma Scott, Miss Emma Vibrock, Mrs. MKed Wallace, Mrs. F. R. Smith.

AMPLIFIERS WILL AID MEXIA VISITORS IN HEARING TALKS

MEXIA, Sept. 7.—(SP)—Special amplifying equipment has been ordered installed over the speakers stand for the White Way celebration in Mexia next Tuesday, W. B. Landrum, chamber of commerce secretary, has announced. The loud speakers will throw the voice of the speaker or the sound of the music for a block in four directions. The stand will be in the center of Sherman and Commerce streets.

R. S. Sterling, highway commission chairman, will deliver the principal address at the turning on of a new ornamental light system in Mexia. Barbecue is being prepared for 10,000 visitors. Six bands have promised to come, and baseball, old fiddlers contests, stunts and contests are being arranged.

Val Horn, general chairman of arrangements, says everything is ready for a program from 10 a. m. to midnight. He plans to have room for several thousand to dance by the same orchestra on the streets at night.

E. J. WOMACK NOW SOLE OWNER OF WOMACK BROTHERS

E. J. Womack has purchased the interest of his brother, T. R. Womack in the Womack Brothers, men's furnishing store and the business will be continued in the future at the same location, without change of policy, according to announcement Friday. In the deal was also included the cleaning and dyeing establishment which was owned by T. R. Womack. Both businesses are now owned by E. J. Womack and will be operated under his personal direction.

T. R. Womack, with his family will move to Kerrville, where he will reside for some time in an effort to regain his health. He has many friends here who will join in wishing him an early and complete recovery.

E. J. Womack is one of Corsicana's young and successful business men. Making a small beginning he now heads one of the city's major retail establishments. He is active in business and religious circles of the city and through his courtesy and business ability has made many staunch personal and business friends.

Tom Tharp of Black Hills was here Saturday afternoon.

SPECIAL SESSION AT ONCE IF SOLONS WILL PAY OWN WAY

REMEDYING OF PENSION INEQUALITIES URGED BY SAN ANTONIO LEGISLATOR

AUSTIN, Sept. 6. (AP)—Governor Moody is expected to call a special session of the legislature immediately should a majority of the members of the house and senate agree to pay their own expenses and serve without pay in order to revise the Confederate pension law.

Senator W. A. Williamson of San Antonio last night addressed a letter to each member of the legislature pleading that they agree to serve without pay in order that about 3,000 widows of Confederate veterans can be given pensions they have heretofore received but which were cut off by an amendment of the second called session of the legislature.

In attempting to vote aid to younger widows of Confederate veterans the legislature unknowingly fixed it so all widows under 75 years of age could not receive their pensions. In opening the gates to new pensioners, the legislature deprived many who had received a pension for as long as fifteen years of their quarterly allowance.

There was not enough money to pay all on the rolls the full pension, and the attorney general ruled that what money was on hand should be prorated among those on the preferred list, that is, all widows 75 years old and over.

SPECIAL MENTION IS MADE OF PAPER BY CORSICANA GIRL

AUSTIN, Sept. 6.—(SP)— Miss Anne Elliott of Greenville has been awarded first prize for the best paper on "The Advantages of a Separate School of Journalism to the University and to the Profession," written in a newspaper reporting class at the University of Texas. The contest was sponsored by the Texas Women's Press association, headed by Elli M. Townsend of Baylor College for Women at Belton. The prize presented to Miss Elliott was a book.

Special mention was made of the following students: Elmer L. Callihan of Lockhart, Jenetta Grantham of McGregor, Thurman Covey of Glen Rose, Mary Elizabeth Miller of Beeville, Ottilie Johanna Immel of Willow City, Cal C. Huffman of Eagle Pass, Lena Mae Elliott of San Antonio, Frank Rigler of Austin, Walter C. Strang of Rock Island, Ill., O. Virgil Maddox of Austin, Lil Joseph of Austin, Joel Garham of Nacogdoches, Ima Jo Fleetwood of Austin, Mary Bryan of Weatherford, Josephine Caldwell of Ennis, Sophie Faverman of McCamey, Eula Lea Kohn of Austin.

C. W. Proll of San Antonio, Elizabeth Molloy of Ferris, Kathleen Eiland of Stanton, Marguerite Banks of Naples, Thelma Plumb of Austin, Bert Lay of Austin, Frances Azile Taylor of Corsicana, William Kay Miller of San Antonio, Mary Pittard of Anson, Elizabeth Sowell of Corsicana, Kathleen Howard Stanley of Eagle Pass, Marjorie Kauffman of Galveston, Hattie Levy of Sweetwater, Cora Mae LaFleur of Kinder, La., Justa Cartwright of Beaumont, Rowena Stiles of Clarksville, Merce Lackland of Harlingen, Kenneth Sewell of Wills Point, Albert Nibling, Jr., of Belton and Ike Moore of Uvalde.

A similar contest will be conducted this fall, the subject of the papers to be the life of Mirabeau B. Lamar. The prize for this contest wil be awarded on Lamar Day, January 26.

TOUR OF LEADING DAIRY FARMS WILL BE MADE BY CLUB

MEXIA, Sept. 7.—(Spl)—A tour of a number of the most important dairy farms in Limestone and Freestone counties is being arranged for September 26 by the Bi-Stone Jersey Club. Dan Parker, president of the club, T. B. Lewis, Limestone county agent, and C. E. Bowen, secretary of the Teague Chamber of Commerce, have been making inspection of dairy herds in arranging the itinerary of the tour.

The trip will last the entire day, and some expert dairymen will act as guides, lecturing on points in the dairy breeding business. At Mexia the party will be served luncheon by the Mexia Chamber of Commerce, and at night the trip will close at Groesbeck, where another luncheon will be served.

The 18 bulls of the Bi-Stone Jersey bull circles will be seen. They were shipped here from Michigan three years ago and said to be the finest car of bulls ever shipped into Texas.

B. Y. P. U. Picnic Has Been Postponed

On account of the rain and the resultant condition of the city park, the B. Y. P. U. picnic scheduled for Friday evening at 6:30 will be postponed. Further announcements will be made in regard to the date of the picnic.

TICK ERADICATION PROGRESS

TEAGUE, Sept. 6.—(Spl.)—According to F. G. Sheats, tick eradication supervisor of Freestone county, the work has progressed to such an extent in Freestone county until state authorities have seen fit to cut off thre of the men on the county force. There were formerly ten men. The men cut from the force are Evans, Wills, and Huckaby.

TEAGUE WOMAN DIES.

TEAGUE, Sept. 4.—Mrs. R. Jones, 47, died at her home here on Tuesday. Interment was made in Cotton Gin cemetery.

The deceased is survived by three sons and two daughters and her husband.

TEXAS PRISON LOCATING COMMISSION HELD SESSION FRIDAY TO CONSIDER REPORT

AUSTIN, Sept. 6.—(AP)—A plot showing a proposed prison plant costing $4,563,000 with a capacity of 3,000 inmates was submitted as "a basis of discussion" to members of the penitentiary centralization commission, meeting here today. It was prepared by Dr. F. E. Giesecke of Texas Agricultural & Mechanical College, who accompanied the commission on a tour of state prisons recently.

A brief by the people of Walker county, where the central walls of the present system are now situated, was presented to the commissioners in which advantages of the Wynne farm, in Walker county, as a centralization point, were argued. Huntsville was represented by Representative C. N. Shaver and J. E. Parrish.

Dr. Giesecke's tentative estimate includes the main walls, waterworks, sanitary sewer system, ten administration buildings, ten cell blocks and eight industrial buildings. The plant would cover 32.6 acres within the walls.

Dr. Giesecke said in submitting the plan he assumed many inmates would be retained on the prison farms in South Texas.

In a round table discussion, in which stay-at-home members of the commission were told of the inspection trip by those who went along, Texas was declared to be "100 years behind the times," in penitentiary management.

Texas Prisons Poor

"On the entire trip through 23 states we did not find a single prison as sorry as ours," Senator Edgar Witt of Waco said.

"I have been telling the people that our system was 25 years behind the times; was that conservative?" asked Governor Moody, who met with the commission.

"You were entirely too conservative, we are 100 years in arrears," Senator Witt replied. "The young state of Oklahoma, right at our door, and Alabama, have us shamed to death with their penitentiary plants."

W. A. Paddock of Houston told members he though they should refrain from expressing their views for publication of how the problem should be solved. He said the commission members should not at this stage present any concrete opinions, but they should keep open minds if possible in an effort to get before the legislature a proposal that will be acceptable to all.

Alabama Prison Good

Representative A. H. King of Throckmorton, said in his opinion the Alabama prison "fits the Texas case" better than any.

Lee Simmons of Sherman said he thought it would be a mistake to get away from farming and that the present state-owned farms should be retained. He was impressed with the permanent convict camps in Virginia, where the prisoners are used for road construction work.

Representative E. T. Murphy of Livingston said the trip had been beneficial to members of the prison board regardless of what action the legislature takes.

Senator Nat Patton of Crockett advocated "cutting farming to a minimum," although he said enough food and feedstuff should be raised to furnish the state for its use.

Wants Printing Done

Senator W. A. Williamson of San Antonio advocated installation of industries to serve the state institutions and especially urged that the state printing be done. He produced a statement from the board of control showing the state printing bill to be about $300,000 annually, not including all of it. In addition, he said, about $250,000 annually is spent for rebinding text books.

J. B. H. Holderby of Fort Worth compared sanitary conditions at the Texas plant with other systems.

Representative J. F. Wallace of Teague advocated retaining the farms. He said industrial activities should not be on a scale so large prison-made goods would be placed in competition with free labor, but he did advocate manufacture of commodities for use of state charges.

Fred Horton of Greenville discussed in a general way what he had seen on the trip and predicted that the Texas penitentiary problem would be solved to advantage.

AUSTIN, Sept. 6.—(AP)—The prison centralization commission met today to formulate plans for its future activities, after its inspection trip to penitentiaries in 23 states, necessitating three weeks' travel and covering 6,000 miles.

The 18 members, including the entire personnel of the state prison board and four senators and five members of the house, met behind closed doors. It was announced another session would be held in the open.

In the event the commission decides the central plant should be constructed on a site other than land now owned by the state, a survey of the state will be made for the purpose of selecting the most practicable location.

According to most of the members it seems certain establishment of industrial plants to supplement the farming activities of the prisoners will be recommended to the governor and the legislature.

The legislature created the commission and appropriated $25,000 for its use in making the survey. It provided it should report its findings and make recommendations to the governor not later than December 1. The governor will then call a special session of the legislature to consider the matter.

HEAVY RAIN FELL IN NORTHERN PART OF NAVARRO COUNTY

A heavy rain fell across the northern section of Navarro county Friday night and Saturday morning. Included in the section of the heaviest rain were Rice, Emhouse, Barry, Blooming Grove and Frost.

The rain extended southward to near the Corsicana Country club and from there to the southern portion of the county the rainfall was just about the same as in Corsicana, where .26 of an inch fell, according to the government gauge.

Cotton picking was stopped in all sections of the county for the first time since the season opened.

Opinion among the farmers is divided over the rain. Some say that a good rain would help while others contend that it would not. It was generally agreed that the rain did very little damage to cotton in the county as it fell so slowly that none was knocked out.

HUBBARD SCHOOLS OPEN SEPTEMBER 16 WITH FULL FACULTY

HUBBARD, Sept. 7.—The Hubbard public schools will open Monday, Sept. 16, with the following faculty in charge:

Grammar school—C. C. McLain, principal; Miss Elizabeth Herrington, Athens, first grade; Mrs. W. G. Hervey, Hubbard, second grade; Miss Ruth Clough, Hubbard, third grade; Miss Vivian Thomas, Waco, geography; Miss Velma Wallace, Mexia, English; C. C. McLain, Hubbard, mathematics; Miss Birdie Cherico, Austin, history.

High school—J. B. Griffith, Denton, principal and mathematics; Mrs. Paul McGuffey, Hubbard, assistant principal and Latin and science; Miss Mona Keitt, Hubbard, English; C. P. Vickery, Hubbard, agriculture; Miss Irene Wittman, Austin, home economics; L. L. Wilkes, Hubbard, superintendent and mathematics; Miss Lucile Hooker, Hillsboro, Spanish and history.

Hubbard Educator Going to Illinois

HUBBARD, Sept. 7.—Ernest G. Lewis of Hubbard, for the past year and two summers instructor in economics in the University of Texas, will leave soon for Urbana, Ill., where he will teach economics in the Illinois State university and will continue his work toward a Ph. D degree.

Mr. Lewis received his M. A. degree at the university, June 1928, and since that time has been a member of the Texas university faculty.

CARD OF THANKS

We wish to take this method of thanking the many friends around Purdon for their help and kindness in the sickness of our wife and mother. We thank the doctor and nurses at the hospital for their kindness and we especially thank Mr. and Mrs. L. C. Bowie, Mr. and Mrs. Keith and Mr. George Gant, and Dr. Russell. May God's richest blessings rest on each and every one is our prayer.

Mr. and Mrs. Hardaway, and Children.

Sun want ads bring results.

Court House

Items of Interest From the Temple of Justice.

District Clerk's Office.

The following cases were filed:

Faye Stephenson vs. T. A. Stephenson, divorce.

Robert Handy vs. Mary Lee Handy, divorce.

Annie Mae Hubbard vs Steve Hubbard, divorce.

Lucile Shaw vs. Jake Shaw, divorce.

George Glenn vs. Ethel Glenn, divorce.

Bettie Morse vs. Basil Morse, divorce.

County Court.

The following have been summoned as petit jurors for the third week of the September term of the county court for the week beginning Monday, Sept. 16:

Tom Warren, Kerens 1; Lynn Adams, Corsicana; W. E. Newman, Corsicana; L. F. Arnold, Purdon 1; J. L. Clark, Dawson 1; P. M. Bobo, Rice; C. C. Holloway, Powell 1; C. W. Byrd, Corsicana; H. V. Mathews, Dawson; W. J. Tekell, Dawson 2; E. A. Fields, Powell 1; J. M. Cates, Roane; C. A. Bryant, Navarro; S. E. Melton, Frost; J. E. Vest, Dawson 2.

Sheriff's Office.

Marcus Odom, who was arrested Saturday by the sheriff's department in connection with the finding of 63 gallons of liquor at 2326 West Ninth avenue, and charged by complaint with the alleged violation of the prohibition laws, made bond in the sum of $1,500 late Saturday and was released to await the action of the Navarro county grand jury or the October term of district court which will be empanelled Monday, Oct. 7.

The compalint was filed in Judge S. B. Jordan's court.

Odom was tried and convicted in the Thirteenth Judicial district court on a similar charge in March, 1923, and was given a two-year suspended sentence.

Deputy Sheriff J. M. Westbrook and V. McMurray arrested a white man at Mildred Sunday on a charge of drunkeness.

Warranty Deeds.

Mrs. Ida M. Looney et vir to D. B. Lattimore, lot 2, block 524, Oak Lawn addition, Corsicana, $500 and other considerations.

Mrs. Jot Gunter et al to B. R. Davis, lot 5, Mrs. P. A. Ford's second addition, Dawson, $65.

Kerens School Board to George A. Mayo, 1 acre Thomas J. Jordan survey, $75.

Marriage License.

Hal E. Griffis and Eula Mae Allen.

Ernest Ray and Addue Shue.

Charlie Reed, Jr., and Nettie Bell Lemons.

Justice Court.

Judge W. W. Clopton assessed a fine against a white man Monday morning for alleged drunkeness.

Judge S. B. Jordan assessed a fines for drunkeness against two persons Sunday.

Thomas McPherson Junior Life Saver

In the list of boys who successfully completed the junior life saving tests at the Y. M. C. A. Wednesday afternoon, the name of Thomas McPherson was unintentionally omitted. He is also a charter member of the Life Saving club and will be on hand at the initial meeting of the club next Monday.

W. H. Greenlee of Blooming Grove spent Saturday in Corsicana.

JAMES T. ROBISON, LAND COMMISSIONER OF TEXAS, PASSES

HELD HIGH OFFICE CONTINUOUSLY FOR PAST TWENTY-FOUR YEARS

NEW LONDON, Conn., Sept. 7. (AP)—James T. Robinson of Austin, Texas, land commissioner of his state for the past 24 years, died early today at the Lawrence and Memorial Associated Hositals.

Mr. Robison was stricken six weeks ago upon his arrival here at the home of his son, Dr. James T. Robison, Jr. His condition grew worse and developed into pneumonia. A few days ago he was removed from his son's home to the hospital.

Mrs. Robison, who came here with her husband, and their son were at Mr. Robison's bedside when he died. Mrs. Robison immediately made arrangements for removal of the body to Texas, and it left by train this noon, accompanied by the widow and the son.

Besides the widow and Dr. Robison, Jr., he is survived by another son, Dra. J. M. Robison of Houston, Texas.

Funeral services will be held Tuesday in Austin, and interment will be in Oakwood cemetery there.

AUSTIN, Sept. 7.—(AP)—The Lone Star flags on both the general land office and the capitol were at half mast today for J. T. Robison, Texas' oldest official, both in years and point of service.

Although funeral arrangements had not been made, his body will be brought here for burial where a son and only daughter are resting.

News of Mr. Robison's death was received at the land office today. Although his condition had been precarious for several days hope was held out for his recovery. Scores of employes who had served with the commissioner in the generad land office many years were visibly affected.

Mr. Robison, who was born on Sept. 30, 1861, had been in the land office 34 years, 21 as commissioner.

When he left here for his vacation in New London he plainly showed the strain of the long impeachment trial before the house of representatives, when he was exonerated of charges of wrong doing in office.

When he went into the ordeal of an investigation ordered by the legislature and the subsequent trial his health was impaired from the severe illness he had gone through in San Antonio in 1925, after he had been stricken in the field while revaluing state lands.

Was One of Best Known Men in Texas

AUSTIN, Sept. 7.—(AP)—Few men in Texas public life enjoyed the wide acquaintanceship and staunch friendships of Land Commissioner J. T. Robison. This is accounted for not only by his long tenure of office and likeable personality. Because of his official duties he became close to many of the large land owners of Texas. He knew their successes and reverses. Since it was to the land commissioner they had to pay their interest due on principal of land purchases.

Criticism of his official actions with reference to these land owners brought to him toward the close of his life and long service the only public criticism that had ever been leveled at him as an officer.

It was claimed that in revaluing lands under the legislature's reappraisement act of 1925 he favored the land owners by making too low valuations on some tracts.

Orphaned When Child

Orphaned when a child, Mr. Robisonalways had a deep sympathy for the boy or girl who was deprived of the guiding hand of parents, and during his lifetime he and Mrs. Robison had taken into their home and reared 15 orphan children. They had four children of their own. An only daughter died after she had reached womanhood and death also took one of the sons.

He was born in Morris county, where he attended the public schools. He also studied at Sam Houston State Normal and later at the University of Texas, where he finally got enough of the law to be admitted to the bar. He served Morris county as county attorney two years.

He served the counties of Morris, Cass, Bowie and Marion in the legislature in 1891 and 1892. He also taught school.

He was married at Naples, Morris county, on Jan. 2, 1894.

He came to Austin in 1895 to accept a clerkship in the general land office. He remained there continuously, working himself up to be chief clerk and in 1908 he was elected land commissioner. He continued in office, re-elected every two years for 11 consecutive times.

Knew Texas Lands

His knowledge of the Texas land law was recognized by jurists as the most thorough of any one in the state. He personally briefed and defended many land cases for the state before the supreme court and seldom, if ever, was the law interpreted against his construction of its meaning.

His decision to follow the supreme court's interpretation of the land law got him into trouble with the governor, attorney general, and board of regents of the University of Texas early in 1929 when he refused to withdraw from the market lands he had advertised for sale after receiving specific requests for them.

The controversy was climaxed by preferment of impeachment charges before the house of representatives, but that body voted to exonerate the aged commissioner after a long hearing.

Two Tests Planned In Dawson Sector

DAWSON, Sept. 7.—(SP)—At a mass meeting of land-owners of Dawson a few days ago, an organization was formed and a great deal of interest shown in the proposed drilling of a wildcat oil test. Acreage is being blocked and it is reported that a California driller is ready to start work as soon as the leases are signed.

It is also understood that the necessary acreage for a test west of Dawson has practically been secured.

Deputy Sheriff Held On Charge Forgery-Passing

BROWNSVILLE, Sept. 7.—(AP)—The threat of indictment which Deputy Sheriff S. M. Jester allegedly held over a butcher to obtain $105 has brought a true bill charging forgery and passing against Jester.

In a preliminary hearing several weeks ago, similar charges against the deputy were dismissed by a justice of the peace on the ground of insufficient evidence. The butcher at the time testified Jester told him he would be indicted if he didn't give the officer money to pay "Mrs. Smith" of San Benito for cattle which Jester asserted had been sold to the butcher by a "third person" without her knowledge.

Mrs. Anna Smith of San Benito swore the catttle were hers and that the "third persons" had paid her for them upon their sale. She had not seen, she said, the $105 in drafts which the butcher testified he had given Jester for her.

RESIDENCE IN WEST PART OF CORSICANA CONCEALED WHISKEY

County officers swooped down upon a house on the Boulevard in the western portion of the city shortly before noon Saturday and when a complete check had been made, sixty-three gallons of liquor had been confiscated, a man had been lodged in the county jail, a hidden cache in the house found and a 50-gallon barrel buried in the ground had been unearthed.

Marcus Odom, 2326 West Ninth avenue, was arrested and lodged in the county jail. A cache in one of the closets in the house was cleverly hidden and was discovered by Deputy Sheriff J. M. Westbrook. A plank could be removed by inserting a knife at the proper place. Nails had been driven in the plank door and then sawed off, making it look like the wall. After considerable probing about in the rear yard with a sharp iron bar, the officers discovered the hidden barrel containing 50 gallons of whiskey. The barrel was about two feet under the ground and a pipe with a top on it came almost to the top of the barrel. Odom was charged Saturday afternoon by complaint with alleged violation of the prohibition laws filed in Judge Jordan's court.

Dozens of jars were about the place, several cartons, and thirty gallons of the whiskey were pumped into them. Two negro prisoners in the Navarro county jail were brought to the site and worked for almost two hours excavating the barrel which also was taken to the court house. Pictures were made of the officers and their seizures.

Sheriff Rufus Pevehouse and Deputies V. McMurray and J. M. Westbrook staged the raid and other officers noted about the place included Chief Deputy Walter Hayes, Justice of the Peace S. B. Jordan, Assistant County Attorney W. W. Harris, City Officer Bruce Nutt and others.

A number of spectators drove up from time to time and looked things over. One car, however, came driving down the boulevard to within a block and a half of the place, stopped quickly, was wheeled around and sped back toward town. Why the hurry was not explained.

HOOVER TO MAKE TOUR OF SEVERAL CITIES IN AUTUMN

WASHINGTON, Sept. 7. —(AP)—President Hoover has decided definitely to leave Washington toward the end of October, but the cities he will visit and length of time he will be gone are still to be determined.

The chief executive hopes to visit the newly constructed locks on the Ohio river, making a trip on board a river packet from Cincinnati to Louisville. He is also thinking of attending the opening of the Edison laboratories at Detroit, a tentative date for which is October 21.

The trip may include a visit to the southwest to be present at a celebration commemorating the Gadsden purchase, and in that event Mr. Hoover may visit several cities in Texas.

All details for the tour, however, are to be worked out.

A. T. Brown of Hester was in the city Saturday afternoon on business.

ALL-NIGHT RAIN FLOODED STREETS OF NEW ORLEANS

ONE OF WORST LOCAL FLOODS IN HISTORY VISITS CRESCENT CITY

NEW ORLEANS Sept. 7. (AP)—New Orleans awoke today to face one of the most disastorus floods in all its history due to excessive rain fall.

Torrential rains starting at dusk and falling almost continually throughout the night overtaxed the pumping system and flooded the whole city, in some spots as deep as six feet.

Flotillas of skiffs and motor boats manned by policemen began to succor the marooned in the early hours, paying particular attention to the sick and aged. Later food supplies were carried to homes shut off by the water.

All traffic was suspended for hours after daybreak. Some automobiles managed to splash through the higher streets, but many avenues were blocked by washed up debris and damaged pavements.

Damage to public and private property will reach into the thousands but officials believe that un-

The weather bureau reported yield more rain they will have the water off the streets by noon.

The weather bureau repotred rainfall for the twenty-four hour period ending at 8 a. m., at 10.75 inches which was exceeded only once before on Good Friday of 1927 when the twenty-four hour precipitation reached 14.01 inches.

Property losses were staggering and may run into the millions. Basements of Canal street stores were flooded, and water stood shoulder deep in the orchestra section of the Saenger theater. Thousands of private homes had water standing in them, many citizens being roused from their sleep by water seeping through the floors.

Water flooded the basement of the Baptist hospital and electric lights went out, the patients being attended by candle light. Hotel Dieu, another hospital, had its basement flooded and firement were attempting to pump the water out of the hospitals to protect the patients.

PERSONAL

William Smith returned to Corsicana Sunday from Texarkana where he underwent an operation at the St. Louis Southwestern R. R. hospital some time ago. He leaves Wednesday to enroll in the physical education and coaching school at the University of Illinois.

C. F. Broughton, physical director of the Y. M. C. A., returned Sunday evening from Waxahachie where he attended the two-day meeting of the State Y. M. C. A. secretaries.

Carroll Pickering of Tupelo was a Corsicana visitor Monday.

F. D. Murphy was in Corsicana a short time Monday afternoon attending to business.

A. T. Brown of Hester was in Corsicana Monday morning.

Sid Foster of Barry spent Monday afternoon in the city attending to business.

Jack Ray of Pleasant Grove was a visitor in Corsicana Monday.

A. W. Burns of Oak Valley was here on business Monday afternoon.

Tom Tharp of Black Hills was a Corsicana business visitor Monday.

Tom Ingram of Drane visited in Corsicana Monday afternoon.

J. M. Parrish of Emhouse was in the city Monday afternoon attending to business.

Will Knott of Rice spent Monday in the city attending to business.

J. W. York of Pursley was a business visitor in Corsicana Monday.

John Caffey and D. L. Haynes of Angus were business visitors in Corsicana Monday morning.

J. L. Hines, minister Church of Christ, has returned from his vacation and will fill his pulpit at both hours Sunday.

Wagons-Wagons

If you are going to need a Good Wagon and want it at the right price, come and look ours over and you will buy one just like all the others have done. We have the wagons and the price that makes them sell. Plenty of Groceries, Hardware, and Harness at the right prices.

CORSICANA, TEX., SEPT. 10, 1929

GRAF ZEPPELIN MAKES HISTORY.

The German dirigible Graf Zeppelin has completed a journey around the world which is destined to be written large in the annals of mankind. Dr. Hugo Eckener and his crew have well earned the plaudits they are receiving. The globe-encircling flight was a severe test of structural fitness, mechanical durability, personal courage and skill in navigation.

When the Graf left Lakehurst on August 7, there were many skeptics who doubted its ability to continue on around the world without considerable delay. The course of the giant dirigible was charted, in large part, over unknown regions which promised seemingly insurmountable obstacles ranging all the way from deceptive air currents to Oriental typhoons.

But Dr. Eckener, with characteristic audacity turned the nose of his craft into the East zoomed across Siberia to Tokio and then dared the vast Pacific in record time. The Graf responded to the fortitude of its grizzled skipper, and, according to available information, never failed to measure up to the strenuous demands of an unprecedented long-distance flight.

For Dr. Eckener, whose life has been devoted to the scientific development of lighter-than-air craft, this is a great personal triumph. Comparatively few geniuses have thus lived to see the fruition of their dreams. What was the fantastic vision of romanticists has been translated by the Graf's commander into a reality which even yet challenges the imagination of man.

As for the effect of the venture upon areonautical development, it can be safely said that the dirigible has demonstrated its supremacy in the field of sustained flight. In point of safety, stability and endurance, all trans-oceanic and trans-continental laurels must be awarded to the sturdy yet graceful Graf Zeppelin—that history-making Mistress of the Skies.

ONE FOR THE BIG NAVY GANG.

Officials at the United States Naval Academy are said to be greatly alarmed over a report that a feminine member of the house of representatives threatens to appoint a girl to Annapolis. "Heavens!" they exclaim. "We aren't running a cradle of the deep!"

It is, to say the least, a novel suggestion. But why not give it a trial? The boys at the academy would doubtless be in favor of such an innovation. Besides, no one can assert that scores of American girls are incapable of fighting for their country. There is the case of that Baltimore lass who sought a pugilist's license.

"Are you going to fight women?" asked the boxing commissioner.

"Hell, no!" she replied. "I can lick plenty of these tin-platers who are posing as pugs."

There may be some departmental reason why the fair sex must be denied admission to the official ranks of the navy. But the reason must have to do with something besides bravado and nerve.

As school time draws near the average small boy is working overtime in an effort to get his vacation activities into some shape where he can reliquish the summer duties and return to his studies—which me must admit is a very, very difficult and almost impossible job.

Almost as soon as a cute college girl gets a sorority pledge button she flashes a whole row of fraternity pins.

BRITAIN AND PALESTINE

Secretary Stimson has followed the proper course in advising Ambassador Dawes to tell the British foreign office that the United States expects a firm hand to be placed upon Palestine. The bloody strife between Jews and Arabs in Jerusalem has already involved a number of American citizens. It is plainly up to Great Britain to act strongly with a view to preventing further disorder.

It becomes increasingly evident that the British had an inadequate force in Palestine. A comparatively few additional troops would have averted the warfare over religious issues and enabled the authorities to maintain peace and order. Too much confidence, it appears, was placed in reports that the people residing in Palestine were in a state of amicable relations. Too little allowance was made for enmities smouldering beneath the surface.

Even though the present trouble subsides at an early date, the incident should warn Great Britain against further neglect through unjustifiable optimism. The mandatory regime of Palestine demands a full assumption of the obligation to establish sufficient military control and thereby stave off a recurrence of political-religious quarrels.

FUTILE PROPAGANDA.

The charlatanism in political campaign publicity should be eliminated, but to predict its early demise would fringe upon lunacy.

The system seems to be too firmly entrenched, and nowhere has the propaganda artist been given such *free rein*. The display is at its worst in the constant outpour of claim-all proclamations—chickens before they are hatched. A move to debunk campaign literature would hit a popular chord.

Hardly less flagrant are the impositions of the speaking department of any campaign. Most of the talk indulged in aims merely at breaking into print through the newspapers. The number of converts to be credited to the entire army of stumpers would not employ an adding machine many minutes. This oratorical caravan continues to obtain audiences with greater and greater difficulty because it is so clearly an anachronism in an era in which radio, movie and newspaper are the high-powered trio for the dissemination of information.

Another season has arrived for annoying and tiring the populace with political propaganda, small talk and fabrications and there is nothing suffering humanity can do about it except go into absolute seclusion for several weeks.

MAKING LIGHTNING HARMLESS.

There is a possibility that before many years the lightning-proof electric line will be invented or perfected. A statement made by the bureau of engineering of the navy department says that material progress was made last year in reproducing lightning within high voltage laboratories, when 5,000,000 volts was achieved. The record previously had been 3,600,000 volts; so that during the year there was a gain of 1,400,000 volts.

F. W. Peck, Jr., who was responsible for the achievement, believes that there is no limit to what may be accomplished, and is working toward the 10,000,000 volts goal. He says "the practical lightning-proof line is in sight." That will be a great boon to timid passengers on trolleycars, listeners-in on the radio, and to users of the telephone. Also it will remove the fears of many who are terror-stricken during a thunder-storm.

Despite the Graf's globe-encircling tour, Mr. Wilbur Glenn Voliva still rises to depose that the earth is flat, like most objects composed of solid concrete.

Our major parties now propose to engage in politics on a year-round basis. This means steady work for job-hunters.

It is Fair time in almost every community in Texas except Corsicana.

SUPERFLUOUS.

England, with more people than she can feed and house properly and more workers than work, is trying to colonize her dominions with her surplus labor. Thus far her efforts have met with a success far from complete.

The situation is epitomized by the reply of a miner and World war veteran when asked to emigrate with his family:

"Want to throw us oot t' bloody coontry. Let um try it."

He had left a job which furnished support for himself and family to go to war. He had fought in defense of his country in the gory slime of Flanders and had been told his country would be grateful for his service and sacrifice. He was assured that when it was all over there would be work for him under better conditions than before. These encouraging promises were not kept because it was not in the power of the nation to keep them.

He looks back on his experiences, the noble encouragements and the fine promises, and then regards his present state. He finds himself as unneeded and superfluous as surplus munitions of war. He, too, is a derelict of war, but unfortunately could not be so easily disposed of as to make a memorial for some village square. And now the country he fought for hands him a piece of cold charity and asks him to move out.

HARD FACTS.

Herbert Hoover has run squarely and heavily against one of those hard, brutal facts of real life which are so often responsible for the assassination of a beautiful theory. The austere will grant him no sympathy, saying—what is quite true, of course—that he should have known it; but humane men, and especially those who are aware of their frailties, will be inclined to pity, rather than censure because they have been right there themselves,

The president went fishing in a private reserve and came home with a fish in his basket for every strike. That, all fishermen know, is not bad—indeed, not bad at all. If it had the effect of convincing him that he can fish, is that surprising?

But he acted on his belief. He went fishing in a mountain stream which had no wealthy estate proprietor or club to keep it well stocked with sporty trout. Then and there he collided with the hard, brutal fact of real life referred to above—namely, the fact that fishing in a private hatchery is one thing and fishing in a wild mountain stream is something else again. He came home with an empty basket.

President of the United States he is, and illustrious in many ways he may be, but "a man's a man for a' that." In this the hard-boiled cynic may choose to see a parable, but humane men will regard it as no more than proof that the chief executive, after all, is man and brother.

CHRISTIAN ETHICS IN SCOTLAND.

Blue law advocates are not unknown in America, but the Scotch variety must be awarded the laurels for Puritanical zeal.

Members of a sect in Edinburg recently censured Premier MacDonald and Ambassador Dawes for breaking the Sabbath. By playing golf or motoring? Nat at all. By brazenly discussing world peace through disarmament.

Some cynic might remind the Scotch conservatives that their protest implies a non-existent conflict between Christianity and the peace movement. But such a thought would be attributed to a worldly brand of logic which a modern Cromwellian could not be expected to countenance.

Not many senators are likely to ask Mrs. Willebrand for specific details regarding the Solon who disgraced his toga by making a speech while drunk.

The state of Maine still has 597 blacksmith shops. But sooner or later they are bound to get horseless carriages up that way.

EMHOUSE AND UNION HIGH SCHOOLS WILL OPEN EARLY DATES

BOTH SCHOOLS TO RECEIVE CONSIDERABLE EXTRA MONEY FROM STATE

The Emhouse and Union high schools, consolidated the past year, from a number of smaller schools, will receive considerable money from the state department of education, it was pointed out by Andrew G. Steele, county superintendent.

The state department has approved the consolidation bonus request of the two schools as well as the transportation fees.

Union high school will receive $2,500 consolidation bonus, the fee being $500 per school consolidated. Union is composed of Bethel, Andrew's Mill, Broad Tree, Eldorado and Patterson school districts. The transportation fee for Union will approximate $900. The Union high school is located south of Dawson and last year moved into the new school building which cost approximately $23,000.

The Emhouse district receives $1,500 consolidation bonus as the new district is composed of Emhouse, Black Hills and Farmer school districts. The transportation fee will be $600.

The Emhouse school building, to cost approximately $55,000, is being rushed to completion in order that it can be used for the 1929-30 session. The old school building was destroyed by fire last year and the district immediately voted bonds to build a modern, up-to-date and fire-proof structure.

The Emhouse schoool is scheduled to begin Monday, Sept. 16, if the building is finished in time.

Teachers to have charge of the Emhouse school this year are J. A. Sands, superintendent; H. L. Kirby, principal; Lizzie Byrd, Mary Price, Linnie Kate Montgomery, Elizabeth Wheatley, Pattye Hobbs, Lois Hobbs, Lala Miles, Christine Woodring, Margaret Dill and Euneva Sandlin.

County Superintendent Steele stated Friday that the Emhouse school this year would be the largest in Navarro county with the exception of Corsicana and Kerens.

The Union high school term will begin Sept. 23, with the following faculty:

C. A. Steele, superintendent; A. D. Lively, principal; Katie Scroggins, Hazel Cooper, Emily Ganze, Ira Gordon, Catherine Crowther and Mary Ruth Holliday.

Both the Emhouse and Union high schools terms will be for nine months.

NAVARRO COUNTY EDUCATORS RECEIVE SPECIAL DEGREES

J. J. Hendricks, superintendent of the Kerens public schools, was awarded his master of arts degree at the summer school of the University of Texas, Austin, the past summer.

L. P. Hodges, superintendent of the Barry schools, and Mrs. Hodges, received degrees at the Colorado State Teachers' college, Greely, Colo., this summer. Mr. Hodges received his B. A. degree and Mrs. Hodges received her M. A. degree. Mrs. Hodges also teaches in the Barry schools

While en route home from Colorado, Mr. and Mrs. Hodge were in an automobile accident near Colorado Springs. Both were injured but not seriously. The car was wrecked and Mr. and Mrs. Hodges will return to Barry on the train within the near future.

Five Generations At Blooming Grove

BLOOMING GROVE, Sept. 6.—(AP)—Five generations met at the home of C. N. Dillingham Thursday, August 29.

The five generations present were Bobbie Dell Connally, 10 weeks old; Mrs. Robert H. Connally, mother; Mrs. Charles Dillingham, grandmother; Mrs. William B. Armstrong, great-grandmother, Plainview; Mrs. E. A. E. (Stokes) Fullwood, great-great-grandmother, Corsicana, aged 90 years.

A number of other relatives were present for the dinner and meeting.

SPELLS OF BACKACHE

"I HAVE used Cardui at intervals for sixteen years, when I suffered from weakness, and it always helped me," says Mrs. J. W. Jinright, R. F. D. 2, Troy, Ala.

"Mostly I was afflicted with bad spells of backache. At times I felt as if my back would break. I would drag one foot after the other, in a helpless sort of a way, and once I got down in bed. My husband urged me to take Cardui, and I soon found what a fine medicine it really was.

"When my second child was little, I was in very bad health. I did not pick up as I should have. I was weak and sickly. I do not believe that I would have come through, but for Cardui." EX-146

CARDUI
HELPS WOMEN TO HEALTH
Take Thedford's BLACK-DRAUGHT for Constipation, Indigestion and Biliousness.

Happenings At The Courthouse

District Clerk's Office.

The following case was filed:

Rubie Williams vs. Charlie Williams, divorce.

Warranty Deeds.

Ralph C. Carroll to E. E. Nettles, 172 1-2 acres Pedro Quero survey, $4,000.

Mrs. E. B. Bunch to L. F. Williamson et ux, lot 45, block 371, Corsicana, $25 and other considerations.

O. B. Gill et ux to E. H. Norton, lot 4 and west 1-2 lot 3, block 2, A. Noble addition, Kerens, $10.

Administrator's Deed.

Forrest McMullen, administrator of the estate of Lizzie McMullen, deceased, to E. F. Widener, 1-2 interest in 50 acres of the Navarro county school land survey and 72 acres G. B. Rollins survey, $2,450.

Marriage License.

A. R. Richardson and Mrs. Myrtie Hokeb.

M. F. Summer and Martha Lucille Brodnax.

Constable's Office.

Deputy Constables E. W. Warnell and E. B. Bass arrested one for drunkeness and one for disturbing the peace Thursday night.

Sheriff's Office.

Deputy Sheriff J. M. Westbrook and City Officer Dave Seaton arrested Lucille Harris Thursday in a raid conducted on Seventh street in connection with the finding of five gallons of grain alcohol, two gallons of white corn whisky, one gallon of red corn whisky, 63 bottles of iced beer, and a capping machine. A complaint for the alleged violation of the prohibition laws was filed against the woman in Judge S. B. Jordan's court. Bond in the sum of $1,000 was made.

Justice Court.

Judge S. B. Jordan assessed a fine against a white man Friday morning for alleged drunkeness.

Judge W. W. Clopton assessed fines against two white men, one for drunkeness and one for disturbance of the peace, Thursday night.

County Superintendent's Office.

Examinations for teacher's certificates were held in the county superintendent's office Friday. The examinations will be continued Saturday, Andrew G. Steele, county superintendent, stated Friday.

Eggs! Eggs! Eggs!

For stamped fresh infertile eggs we will guarantee twenty-three cents delivered for June, July, August and September. They must be gathered each day, kept in cool place and sold at least once each week. If want to contract eggs advise. If any poultry better sell your surplus hens at once.

"My! you look lovely to-night"

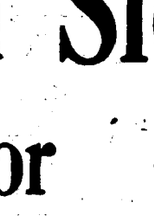

SHE knew the compliment to be true—for the last pimple had vanished.

If you are one of the embarrassed—and men are not exceptions—with skin blemishes that linger, and sometimes leave scars, you must realize that the logical cause may come from the blood.

A clear, smooth, velvety skin bespeaks loveliness. Men admire it. Women praise and secretly envy. Hope, joy, happiness, and even love, may depend on the possession of a clear, unblemished skin.

On the other hand—skin eruptions are outward evidences of the condition within. Authorities state it is an indication that the body's power of resistance to disease and infection is low. Meaning, that there is a deficiency of red-blood-cells.

Without plenty of rich, red blood, there could be no strong, sturdy, powerful men, or beautiful, healthy women.

When you get your red-blood-cells back to normal, that sluggish, let-down feeling, loss of appetite, boils, pimples, and skin troubles disappear. You get hungry again and you sleep soundly; firm flesh takes the place of that which was once flabby. You feel strong. Your nerves become steady. You are resistant to diseases.

S.S.S. is Nature's own tonic for improving the appetite, building strength, and clearing the body of so-called skin troubles, by increasing the red-cells of the blood.

S.S.S. is made from fresh vegetable drugs and has stood the test of over 100 years.

All Drug Stores sell S.S.S. in two sizes. Ask for the larger size. It is more economical.

BIG AIR EXPRESS CUT WAY THROUGH TREES INTO CANYON

(Continued From Page 1)

that roared their challenge to the elements when the City of San Francisco left Albuquerque, N. M., last Tuesday at 10.22 a. m., were shattered and strung along a path cut by the plane.

What was once a luxurious cabin of the plane was a mass of melted and twisted metal, and within were the pitifully broken bodies of the passengers and crew—burned beyong recognition.

On one arm of a pilot,a wrist watch loomed as a single telling remnant of the wreckage. Its hands were stopped at 11:01. Sheriff Roberts examined a watch of one of the passengers. It showed 11.04. Lt was grim, but certain, proof the plane was winging its way westward on time on its correct course to the next stop, when tragedy intervened.

The huge sky liner skimmed close to the tree tops, and her under carriage slashed off the top of one huge pine. A few feet further on the left wing motor chiseled off a fifty foot section of a pine as if the tree has been a reed. From then on for a distance of more than 100 yards, the ship carved a veritable runway in the heavily wooded canyon. As she carried her fatal course through the pines, she caught fire and left in her wake a perfectly marked train of charred trees.

She came to earth, and as the forward motor crashed into the lava-studded bed of the canyon, the force was so terrific that the nine cylinders of the big motor were literally torn from their supports and hurled back into the fuselage. Only the scattered bits of metal and the one large piece remained of the wings—and on that piece was identification, number 9649, the plane's mark. The searchers lifted the twisted and fire-blackened cabin roof, from all that remained of the party of eight. Quick intakes of breath ran around the circle of searchers as this operation was completed.

Coroner's Jury Gives Verdict.

A coroner's jury was drawn with Justice of the Peace J. F. McBride acting as coroner. District Attorney Fred Nichols represented the state. The jury examined the wreckage and the bodies and reported—the victime came to their death, "as the result of an airplane accident." No opinion was given as to the cause of the crash.

Then the slow, treacherous trek down the mountainside began, with deep canyons and thick underbrush making the trip difficult. Eight bodies on stretchers were born seven miles by the party; then they were taken by ambulance to Grant.

Three are Identified.

Three bodies identified as those of Mrs. Corina Raymond of Glendale, Calif., the only woman on the ship; A. B. McGaffey of Albuquerque, N. M.; Harris Livermore of Boston, were made ready for removal to Albuquerque. McGaffey's body was identified by a bit of melted silver—the remnant of an Indian bracelet he always wore.

Bodies of the other victims were to be sent to Gallup, N. M., today. They were William Henry Beers of New York City, and M. M. Campbell of Cincinnati, passengers, and J. B. Stowe, and E. A. Deital, pilots, and C. F. Canfield, courier, members of the crew

With the conclusion of the coroners' inquest, official investigation of the accident by the state of New Mexico, was at an end. There remained the report of R. I. Haven, department of commerce investigator, who said his office in Washington would make public his findings after he had sent them there.

Two Victims Native Texans.

DALLAS, Sept. 9.—(AP)—Two of the eight persqons who died in the airliner City of San Francisco's plunge into Mount Taylor were native Texans.

Mrs. G. B. Raymond, passenger, was the daughter of Dr. W. H. Sanders of Gilmer Co-Pilot E. A. Dietel was the son of Mr. and Mrs. Herman Dietel of New Orleans. He was graduated from Texas A. & M. College before taking up flying.

Dietel's Damily Mourns.

NEW BRAUNFELS, Sept. 9.—(AP)—Members of his family and friends today mourned the death of Edwin A. Dietel, co-pilot of the plane, City of San Francisco, which crashed on Mount Toylar in New Mexico. Five brothers and a sister were gathered at the home of Dietel's parents, Mr. and Mrs. Herman A. Dietel. Young Dietel was born near New Braunfels. He attended Texas Agricultural and Mechanical College and learned to fly at Kelly Field, San Antonio.

THREE SLAIN AND HOME BURNED IN ARKANSAS TRAGEDY

CORONER'S JURY RETURNS VERDICT OF DOUBLE MURDER AND SUICIDE

SILOAM SPRINGS, Ark., Sept. 9.—(AP)—Three persons were dead and their farm home, 4 1-2 miles from here, was in ruins today after what officers believe was a double murder and a suicide with a fire meant to erase traces of the crime.

The dead are Will Dennam, 50, a farmer; his wife, 51, and Mrs. E. E. Coldwell, 80, a relative. Neighbors saw the four room Dennam home in flames at 6:30 a. m. today and rushed to the scene. The little house was burned to its foundation.

The bodies of Dennam and his wife were found in the back yard. Dennam's body lay across that of his wife. The woman had been stabbed in the throat by what authorities said was a paring knife. Three deep slashes across the throat of Dennam were inflicted, officers said, by a razor. Dennam's body bore numerous minor cuts.

The charred remains of Mrs. Coldwell were found in what had been the living room. Because of the condition of the body, the coroner's jury, summoned immediately, was unable to say whether she was salin prior to the fire.

A verdict that Dennam had slain his wife, then ended his own life, was returned by the coroner's jury.

UNITED STATES OF EUROPE PLANS GAIN HEADWAY AT GENEVA

(Continued from Page 1)

French premier will make a new report, incorporating them and European nations. This conference will probably be called to take place simultaneously with a league assembly at Geneva next year.

GENEVA, Sept. 9.—(AP)—The project of Premier Briand of France for an European confederation hitherto described as the "United States of Europe" gained momentum at today's session of the tenth assembly of the League of Nations.

Germany, Italy and Czechoslovakia all manifested keen interest in the plan.

Premier Briand united delegates of the European family of nations at luncheon immediately after the session for a preliminary exchange of views.

This was expected to be the first tangible advance toward realization of the idea which the French premier has stoutly defended against those who characterized it as a dream.

Foreign Minister Gustav Stresemann of Germany, Senator Scialoja of Italy and Premier Benes of Czechoslovakia all supported the idea of the European federation.

Dr. Stresemann made clear that Germany's support would not be given to such an organization if it were in any way directed against the United States. He thought the confederation should be rather economic than political in character.

Senator Scialoja declared Italy would give the project serious consideration, holding that a proper economic organization of Europe was most desirable.

Premier Benes approved the idea, but with the warning that Europe must make haste slowly. He thought great difficulties would have to be surmounted.

SOVIET BOMBERS SET FIRE TO CITY ON EAST FRONTIER

(Continued From Page 1)

stricken and hid themselves in cellars.

It was believed there were many hausualties from the day's ensounters and damage would be considerable. Telegraphic communication between Pogranichnaya and Harbin was interrupted during the fighting, but later restored.

Chinese sources also said the Chinese defending forces repelled a "Russian invasion" Friday morning. Saturday night the Chinese eastern train was derailed three kilometers from Pogranichnaya. Russian sabotage was charged.

Rengo said it had learned also 1000 Soviet soldiers attempted an invasion near Dalainor, near the submit it to a new conference of western terminus of the railroad Thursday evening. "Hard fighting with considerable losses on both sides" was reported of the resulting clash with Chinese defenders which lasted 20 hours. The Russians finally withdrew.

Passenger Train Blown Up

SHANGHAI, Sept. 9.—(AP)—A Harbin dispatch, timed early this afternoon and received tonight, said a passenger train on the Chinese Eastern railway was blown up on Saturday, the tracks having been mined with high explosives. The train was bound from Pogranichnaya to Harbin.

According to the report two persons were killed and three injured. The locomotive was blown off the track, the baggage car destroyed and the first and second class cars telescoped.

Japanese reports to Shanghai from Manchuria had rumors that Russian artillery was bombarding Pogranichnaya, while airplanes were dropping bombs. The village itself was said to be burning.

NAVARRO COUNTY GETS HEAVY RAIN SUNDAY MORNING

RAINFALL OF OVER 2 INCHES RECORDED HERE, HEAVY WIND AND LIGHTNING

The first general rain in Navarro county since the latter part of May fell early Sunday morning. It was accompanied by a nigh wind and an electrical storm of unusual intensity. Numerous local showers have fallen in the county at intervals and in some instances heavy rains have fallen in some parts of the county during the past three months, but never covering much territory.

The rainfall here Sunday morning was 2.10 inches and reports indicate that it was about the same in all sections of the county. The only other place reporting a correct measurement was Dawson, where 1.55 inches fell. Rains during the latter part of last week amounted to .26 of an inch here, making a total of 2.36 inches since the rains started.

No material damage has been reported from the wind and lightning except in some instances where cotton was blown out.

Showers during the latter part of last week caused open cotton to swell in the burrs and the damage from the heavy wind and rain Sunday was far less than it would have been had there been no rain previously. However, considerable cotton was reported blown out in some sections.

In all probability it is too late for a top crop but the rain will stop the premature opening of the cotton and will furnish moisture to more fully mature the bolls.

One of the steadiest hot spells in a number of years was broken by the rain. Gardens will be benefitted and excessive watering of lawns will be stopped.

Considerable difficulty was encountered by motorists Sunday as they attempted to navigate the roads leading out of here. The detour on North Commerce street became almost impassable and the road now under construction just north of Emhouse made going slow and difficult in that section. Other roads over the county were also in bad shape, but Monday morning they had dried out sufficiently to permit traffic being resumed.

JOHN T. DUREN, NATIVE OF COUNTY, 77 YEARS OF AGE

J. T. Duren, who claims to be the oldest living white man born in Navarro county, celebrated his seventy seventh birthday Monday by receiving the congratulations of his many friends who wished him many returns of the day and by reminiscing on the old times in Navarro county.

In an interview with a Daily Sun reporter, he told many interesting stories concerning the history of Corsicana and the surrounding country

Mr. Duren, having lived all these years in Corsicana, has watched with interest the development from a small settlement, located on what is now First and Second avenues, to the present time.

"In 1859 a bois d'arcs hedge was growing along Beaton street," he stated, "and the eastern portion of the town was used for a pasture. We used to put guards around our cattle and horses at night to keep the Indians from stealing them."

The little village of Corsicana continued to grow during the Civil War period and reconstruction days, Mr. Durren stated. Here he paused to tell of several incidents during the reconstruction days that helped to rid this section of the country from the rule of the "carpetbagger" and "scallawag."

The first great boom that the little town experienced was in the latter part of 1871 when the Houston & Texas Central railroad was put through Corsicana and the establishment of a roundhouse and machine shop, that after 25 years was moved to Ennis. The city "fathers" in offering an inducement to the railroad company gave 640 acres of land, east of the railroad, to establish the terminal point here.

The next big expansion of Corsicana came in 1894 when oil was found in an artezian well, drilled to furnish the city with water, the pioneer resident declared.

Of all the boom times in the history of Corsicana, the oil discovery in the Powell sector in the latter part of 1922 did more to develop the city than all the rest, Mr. Duren stated.

The pioneer resident, unlike most old timers, does not recall the good old days and wish for them to return but instead looks to the future and predicts great things for Corsicana, only hoping to live and witness further transformation in the town of his nativity.

RIGHT OF WAY FOR HIGHWAYS OCCUPIED COMMISSIONERS TIME

NUMEROUS APPLICATIONS FOR SETTLEMENT LAND USED AS HIGHWAYS

At the regular session of the Navarro county commissioners court Monday morning, a number of road matters were considered and discussed. The commissioners were still in session Monday afternoon. All members of the court were present.

Judge Clay Nash cast the deciding vote in the payment of $100 to J. A. Boyd at Navarro for one and one-half acres of land for right-of-way. Commissioners D. D. Sawyer and J. Wesley Harris voted for the measure and Commissioners Jack Megarity and Ben F. Guynes voted against it. Judge Nash voted for the measure when the commissioners were deadlocked. In the discussion, T. W. Lovett, attorney, representing Mr. Boyd, asked for the payment of that amount for the land. Commissioner Megarity stated that it was his understanding that Mr. Boyd had given the land to the county and had agreed to do that with a representative of the county—one of the engineers. Mr. Lovett denied such agreement.

Commissioner Megarity was not pleased with the voting to award this amount under the conditions and voiced his opinion in no uncertain terms. He made a motion that all persons who had given right-of-ways be paid, but it died for the want of a second.

Jim Hagler and others appeared before the court and asked that every effort be made to secure the reappointment of a cattle inspector for the southeastern portion of the county by the sanitary livestock commission and the court assured them that efforts were being made to secure this reappointment. It was pointed out that due to the distance the lone inspector had to travel, that there was a possibility that the cattle in this sector would be reinfected with ticks and years of work would be wasted.

W. C. Laden who resides on North Beaton street on the Corsicana-Emhouse lateral road appeared before the commissioners relative to the taking of 2,200 square feet of his property for right-of-way purposes. After considerable discussion, he stated that he was asking $250 damages. No action was taken.

Mr. and Mrs. Anderson who reside on North Beaton street appeared relative to the taking of .16 acre for right-of-way on the Emhouse-Corsicana lateral and asked $2,500 damages in addition to demanding that the county pay for the moving of the house, barn and another house. The commissioners will view the property but intimated that they would not consider any such settlement.

G. W. Weems appeared relative to his proposed building of a ferry at Porter's Bluff on Trinity river. No opposition to such a proposal was voiced by the commissioners and Mr. Weems will appear before the commissioner's court of Henderson county for approval of his project.

J. N. Edens and City Commissioner R. D. Fleeming appeared relative to the Corsicana-Palestine state highway. The commissioners approved the latest surveyed route which is South Seventh street extended to the Three-Way Filling Station. This route has already been approved by the state highway engineers and the city of Corsicana. The county engineers were instructed to rush the work. Mr. Edens stated that an effort would be made to get the contract for the Corsicana-Palestine road via Wildcat Ferry on Trinity river let at the October session of the Texas highway commission.

WOMEN INJURED IN AUTO CRASH EARLY SATURDAY NIGHT

Mrs. Fred Fentress, 2012 West Second avenue, was painfully injured by flying glass Saturday evening about 9 o'clock when the car in which she was riding was struck by another automobile as it turned into the driveway to the family home. The second car failed to stop after the mishap, and police were still seeking the owner Monday.

Mrs. Fentress was rushed to the Navarro County Hospital in the Corley-McMahon ambulance and was returned to her home after receiving surgical attention. She received some deep scalp wounds and numerous bruises, but was reported resting well Monday.

Other members of the family in the car were not injured.

HEAVY DECLINE IN NEW CORPORATIONS FORMED IN AUGUST

AUSTIN, Sept. 7.—(Spl.)—Seasonal decline relected in the number of new corporations organized in Texas during August was large, acording to Bervard Nichols, editor of the Texas Business Review, issued monthly by the Bureau of Business Research at the University of Texas.

"Ordinarily, the number increases each month up until May or June and then declines during the rest of the year," Mr. Nichols said. "The decrease, thereore, from 235 new corporations in July to 170 in August is about in line with expectations.

"The 170 new companies receiving charters from the Secretary of State in August were capitalized at $8,173,000 and compare with the organization of 235 companies having capitalization of $10,898,000 in July. Last year in August, 207 enterprises capitalized at $32,084,000 were organized. While most of the companies were small, one real estate firm was capitalized at 1,000,000, and cement company had capital stock amounting to $1,250,000.

"Ned oil companies numbered 22, compared to twelve in August a year ago and only two public service corporations were charteded. There were eighteen manufacturing concerns organized, three less than in the same month last ear, while financial institutions fell off nearly 50 per cent from August, 1928. On the other hand, real estate firms increased from eleven in August a year ago to fifteen in August this year. The large number of new gins was especially noticeable during the month.

Jess Dunton of Black Hills was in the city aSturday.

FATHER AND CHILD MEET FIRST TIME IN FIFTY-FOUR YEARS

DAWSON, Sept. 7.(SP)—Mrs. G. W. Robertson who resides several miles south of Dawson, saw her father, J. C. Miller, a couple of weeks ago for the first time in fifty-four years. Mrs. Robertson is 59 years old and her father is 80.

Mr. Miller resides in Anderson county and has for a long time, but neither knew the whereabouts of the other.

Mrs. Robertson's mother died when she was to week's old. The child was given to her grandmother who later died and the child was taken by an aunt who moved away and the father lost track of his daughter.

The meetings of father and the daughter wha brought about recently when court proceedings were instituted in San Augustine to settle an estate of the Miller family and Mrs. Robertson was summoned to appear.

Mr. Miller and another daughter who lives at Palestine learned of Mrs. Robertson's whereabouts and visited her.

W. E. Pugh Family Were All at Home

Mr. and Mrs. W. E Pugh were made quite happy this week by having all of their sons with them. Mr. and Mrs. Edwin Pugh of Shreveport arrived Sunday and Mrs. Pugh stayed over through Wednesday, motoring back with Mrs. Leonard Burris, who was returning to her home in Monroe, La. Mr. Campbell Pugh, also of Shreveport, came with his brother and Mr. Chester Pugh of Amarillo, on a business trip to Dallas, gave the family a happy surprise by joining them, making the family circle complete.

FUNERAL SERVICES FRIDAY AFTERNOON FOR MRS. ELLISON

Funeral services for Mrs. Minnie Ellison, 34, wife of J. E. Ellison, who died Thursday afternoon at 5 o'clock following a lingering illness, were held from the residence of her adopted father, Ben Howard, 904 North Beaton street, Friday afternoon at 4 o'clock with burial in Oakwood cemetery. The funeral services were conducted by Rev. Tom Lenox, pastor of the First Christian church.

Mrs. Ellison had been in ill health for some time and returned to Corsicana last week from El Paso.

Surviving are her husband, two sons, one daughter and foster father.

Active pallbearers were Lanty Miller, W. A. Brown, Elbert Williams, Robert B. Cooksey, H. E. Redden and Jack Powell.

Honorary pallbearers were A. J. Mason, John R. Curington, A. Q. Thornton, J. D. Carroll and Ervie Sparkman.

The funeral was directed by the Sutherland Funeral Home.

W. E. Ware of Roane was a business visitor in Corsicana Saturday.

Dawson Business Property Is Sold

DAWSON, Sept. 7.—(Spl).—Three brick business houses occupied by L. B. Lawler, J. H. Reynolds and the postoffice, together with the residence north of the postoffice and the tin shop west of Lawler's, were sold at bankrupt sale Monday. The property brought $18,500, and was purchased by out of town parties.

THREE VICTIMS OF FLOOD WATERS NOT RECOVERED MONDAY

ENTIRE FAMILY WIPED OUT IN TRAGEDY NEAR AUSTIN BOAT CLUB

(By The Associated Press)

Sunday's pleasure jaunts cost at least six lives in Texas.

At Austin, F. J. Bryant, 24, his 22-year-old wife and their baby, James, 3, drowned as their motorboat capsized in the Colorado river. Mr. and Mrs. Thomas Bryant were saved by Frank Gullette of Austin and Bob Campbell of Hillsboro.

Harry H. Fatum, who had been a business man of Denison for half a century, was killed and his wife was injured, perhaps fatally, their automobile plunging over an embankment near there.

Two young people were killed and four injured, three seriously, when an automobile in which they were returning from a dance plunged down an embankment near Clodine early today.

Irvin Rollins, 21, and Miss Annie B. Cox, 16, of Houston, were pinned beneath the wreckage and killed. Monroe Soape, 22, of Eureka, driver, his companion, Miss Jackie Romia, 19, of Houston, and Mrs. Bryant, 20, of Houston weresseriously injured. W. E. Bryant, 20, of Houston, was slightly hure.

A heavy fog cavesoped the road. Other persons were injured in numerous accidents. Five were seriously injured near Nacogdoches.

AUSTIN, Sept. 9.—(AP)—The bodies of Mr. and Mrs. F. J. Bryant and their three-year-old baby, F. J., Jr., drowned in the Colorado river yesterday, had not been recovered early today.

Flood waters coming down the stream on account of heavy rains north of here made search for the bodies difficult.

The Bryant family was wiped out when a motor boat in which they were returning from a fishing trip turned over. Mr. and Mrs. Thomas Bryant, who were in the boat also, were rescued by Frank Gulette of Austin and Bob Campbell of Hillsboro, who went to their aid in a boat. The Bryants were brothers.

The party had gone five miles up the river Saturday for an outing. The waters of the river had gradually risen on account of rains above here and when they began the trip home, the current was very swift and the surface was covered with driftwood. Then an attempt was made to turn the boat from the current opposite the Austin Boat Club landing, it capsized.

Thomas Bryant was a good swimmer and managed to keep his wife afloat until, the rescue boat reached them, but the F. J. Bryants had gone down. Mrs. Thomas Bryant said the last time she saw F. J. Bryant he had his little son clapsed in his arms.

Abe Wooten of Pettys Chapel was in Corsicana visiting Saturday afternoon.

New York Cotton Steady.

NEW YORK, Sept. 9.—(AP)—Cotton opened steady at a decline of 4 to 7 points on reports of further rains in the Southwest and relatively easy cables. Active months sold about 6 to 10 points net lower, but there was considerable covering and some trade buying. This proved sufficient to steady the market and prices recovered to about Saturday's closing figures by the end of the first hour.

The market eased later under realizing or liquidation with December selling off to 19.08 and March to 19.25, or about 17 to 20 points net lower. There was enough covering to check the declines at these figures ad prices were several points up from the lowest when business was suspended to receive the government report. The latter placing the condition at 55.4 and the indicated crop at 14,825,000 bales attracted bullish comment, although it was only 62,000 bales below the average of the recent private report. December immediately sold up to 19.69 and March to 19.62 when the market reopened, or about 60 points above the low level of the morning.

New Orleans Cotton Easier.

NEW ORLEANS, Sept. 9.—(AP)—Owing to cables being lower than dus and further rains in the Western belt, the cotton market opened somewhat easier and first trades showed losses of 6 to 9 points. Rallying a few points, the market eased off again because of pre-bureau liquidation. October dropped to 19.76, December to 19.03, and January to 19.04, or 7 to 9 points below Saturday's close.

The market soared sharply during the second hour following publication of the government's crop forecast giving a condition average of 55.4 per cent of normal and an indicated yield of 14,825,000 bales. Prices advanced to 19.33 for October, 19.63 for December and 19.61 for January, or 69 to 72 points above the lows which prevailed prior to the report.

Grain and Provisions

CHICAGO, Sept. 9.—(AP)—Influenced by Liverpool quotations lower than due and by rains in Eastern Australia, wheat here showed an early downward trend.

Starting 1-2 off to 1-4 up, Chicago wheat later declined all around, but then rallied somewhat. Corn opened unchanged to 5-8c lower, and subsequently underwent a general setback. Oats were firm. Provisions declined.

Wheat closed nervous at the same as Saturday's finish to 3-4c net lower. Corn finished 1-4c to 7-8c off, oats at 1-8c decline to 1-2c advance, and provisions varying from 10c setback to a rise of 5c.

CORSICANA PAINTER HURT IN FALL FROM TRUCK IN MEXIA

MEXIA, Sept. 9.—(Spl).—LeRoy Stubbs, 28, Corsicana painter for the Central Texas Refinery Company, sustained severe head wounds when he fell from a truck he was riding at Main and Ross streets here Monday. At the DeBerry Hospital it was said that he would be able to leave later in the day after four stitches were taken in his scalp.

CLAUDIUS H. HUTSON NAMED CHAIRMAN OF G. O. P. COMMITTEE

WASHINGTON, Sept. 9.—(AP)—Claudius H. Houston of Tennessee was elected chairman of the republican national committee today, succeeding Dr. Hubert Work, of Colorado, who retired on his own motion.

In accepting the chairmanship, to which he was elected by unanimous vote and without opposition, Mr. Huston announced he was severing all his active business connections and would in the near future be able to give the work his undivided effort.

Chairman Work after calling the meeting to order, said 91 members were present. The first business was to accept the resignation of T. Coleman Dupont, as committeeman from Deleware and designate C. Douglas Buck, governor of that state, to fill the vacancy. It then formally selected Representative Ruth Banker as the national committeewoman from New York, thus filling a vacancy that has existed for some time.

Work then made a brief address of farewell. He said he regarded every member of the committee as a friend and that during "the trials and tribulations and finally the joy" of the last campaign not a single member had given cause for one moment of apprehension.

Huston was elected under a suspension of the rules moved by J. Will Taylor, of Tennessee.

Daniel E. Pomeroy of New Jersey, third vice chairman, seconded the nomination, as did a number of other committee members, and later William G. Skelly, of Oklahoma, had it made a matter of record that seconding speeches for Huston were made by all members of the committee.

R. B. Creager of Texas, in seconding the nomination, said he spoke for the "no longer solid emocratic South" and "the once, but no longer, Democratic Texas."

C. Bascom Slemp said he spoke "on behalf of the Republican state of Virginia."

The committee selected James Francis Burke, genefal counsel, as a member of the executive committee of the national committee.

After the meeting, Huston said he would come to Washington to take charge of committee work as soon as he could get his business affairs in shape.

Hoover Prepares Message.

WASHINGTON, Sept. 9.—(AP)—President Hoover has prepared a message to be dellevered today to the republican national committee called into session here to select Claudius H. Huston of Tennessee as chairman to succeed Dr. Hubert Work of Colorado, resigned.

This is the first communication the titular leader of the party has drafted for presentation to the committee since he entered the White House a little more than six months ago.

There was a large attendance of members—women as well as men—when Dr. Work called the session to order. Both of the Southern national committeemen, Perry W. Howard, a negro, of Mississippi, and Joseph Tolbert, of South Carolina whom President Hoover recently relieved of responsibility in the conduct of party affairs in their states, were present.

WASHINGTON, Sept. 9.—(AP)—The text of President Hoover's letter to Vice Chairman Ralph Williams which was read at the meeting here of the Republican national committee, follows:

"The White House,
"Washington, Sept. 9, 1929.
"Mr. Ralph Williams,
"First Vice Chairman,
"Republican National Committee,
"Washington, D. C.

"Dear Mr. Williams:—On the occasion of Dr. Work's determination to retire from the chairmanship of the Republican national committee, I should like through you, to place in the record of the national committee the high appreciation I hold, and which I know the country generally holds, for the many public services given by Dr. Work. He has given his long life of public usefulness in many directions.

"He long since demonstrated his leadership in his own profession as president for many years of the Colorado state board of health, president of the American Psychiatric Society, and finally as president of the Amercan Medical Association, and as a colonel in the medical service during the World War.

"He has given much to party service, beginning 20 years ago as chairman of the Republican state convention of Colorado, a member for many years of the Republican national committee, and during the past successful campaign, chairman of the national committee.

"In public office he has been successively assistant postmaster general, postmaster general and secretary of the interior, with a record for administrative capacity, honesty and courage at each step.

"Dr. Work can well feel that he is entitled to a rest and I know that the committee joins with me in exprssion of appreciation, not only for his service to the party, but also for so distinguished a career in public service.

"Yours faithfully,
"(Signed) HERBERT HOOVER."

Preliminary Trial For Slayer Monday

LEVELLAND, Sept. 9.—(AP)— A preliminary hearing for B. A. Forshee, 25, alleged slayer of a 23-year-old farm hand, Elmer Wright, of Razia, Okla., was set for today here.

Wright was killed Saturday in a field near here. The authorities believed "family trouble" may have figured in the shooting.

Rodney Pioneer Died Suddenly

DAWSON, Sept. 7.—(SP)—L. C. Green, 75, pioneer resident of the Rodney community, died suddenly Tuesday morning at o'clock and the funeral was held Wednesday afternoon at Rodney where interment was made. Mr. Green was walking in his yard when he fell dying a few minutes later.

Surviving are his wife, six children and other relatives.

WALTON'S

Be Fastidious About Building Your Home As Buying Clothes

When a man buys a suit of clothes he asks as to the quality of the woolen. He wants to know if the fabric will withstand the abuse of business wear. He likes to know the name of the manufacturer. When he buys an automobile he asks questions of a similar nature. The housewife is even more of an interrogative nature. She is usually a better shopper than the man and gets full value for every thing she buys.

But how about the selection of a home site and the construction of a new home? How many persons today really know what kind of lumber and building materials go into their home despite the fact that it is usually the realization of a life's dream.

The most important factor of any home is the lumber. It is the lumber which must withstand the wear and tear of exposure to the elements and the deterioation of the prospective home owner.

But in the construction of a home the owner has little or no contact with the lumber dealer. He does business with the contractor who submits his bid and if he is the lowest and most responsible bidder, he gets the job. He suggests the kind of lumber and other materials which are to go into the home and the prospective owner leaves the matter entirely in his hands.

Corsicana is rich in its contractors and home builders. Probably no city of its size in the world has men better versed in the building industry than our own city.

The dependable lumber dealer goes hand in hand with the dependable builder. He knows what dependability means and must meet the requirements and demands of the home builder. The home owner is the client of the contractor and the contractor in turn is the client of the lumber dealer.

So in the selection of a dependable builder the home owner is assured dependable lumber.

The process of manufacturing lumber for use in home construction deals in more than the felling of trees, the hauling of logs to the saw mill to be cut into the boards and the subsequent mill work. It requires careful care and treatment in preparing it so that it will outlast the even more nonperishable commodities in the home.

The seasoning of lumber and the selection of proper kinds for the various duties it has to perform has shown remarkable development during the last few years.

The Lyon-Gray Lumber company has kept step with progress and has embraced every known improvement of modern invention and building genius in an effort to give the home owner in Corsicana all the advantages of the building industry.

To the prospective home owner a cordial invitation is extended to visit our plant on East Seventh Avenue for a tour of inspection.

It will not only afford a broader vision of the lumber industry but it will establish an understanding between the home owner and the contractor and eable this company t better co-operate with the home builder.

A GEM OF A SMALL HOME FOR A MODERATE SIZED FAMILY

THE BLACKFOOT—DESIGN A 727

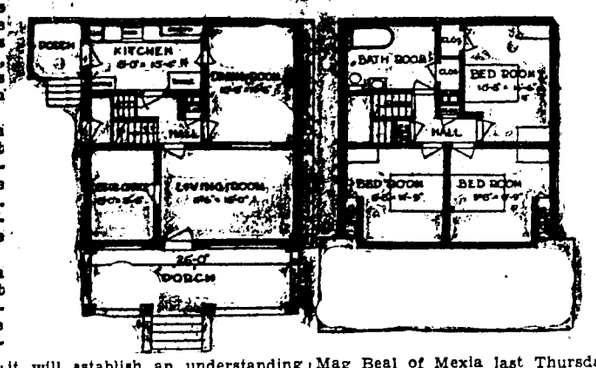

Compactness, convenience and comfort are the predominant features of this very attractive little home for a small family.

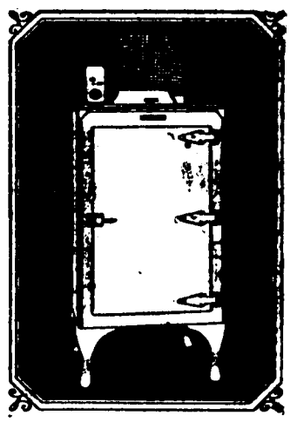

It is planned with the positive minimum of lost space. The rooms are all well arranged, of good size and especially well lighted. This in turn makes for good ventilation, comfort and health. Dark days will never become a bugbear in this home.

Built of common Brick it has an air of daintiness mingled with that of substantiality. At sight it becomes a testimonial to the taste and the reliability of its owner. It is neat and trim without architectural exaggeration. Its whole perspective spells home.

As shown a den is cut off from one end of the living room, but the living room might just as easily extend all the way across the front. Both dining room and kitchen are large. The rear porch is a convenience certain to be appreciated.

Upstairs are three bedrooms, bath is large also. It, too, has a closet for linens. All open upon a common landing at the stair head. For a 40-foot lot few houses are better fitted.

The Truly Modern Home is Equipped with a

MARRIED AT TEAGUE.

TEAGUE, Sept. 9.—(Spl).—John Clark was married to Mrs. Addie Mag Beal of Mexia last Thursday night at the home of his brother here, Clair Clark. John Clark has spent the last 20 years in Nevada, and has returned here only recently. The ceremony was performed by Rev. H. J. Hays, pastor of the First Methodist church.

MEANS OF SPEEDING ROAD CONSTRUCTION DISCUSSED SATURDAY

HIGHWAY COMMITTEE CHAMBER OF COMMERCE HELD SPECIAL SESSION

Discussion of means of speeding up construction on hard surfaced roads in Navarro county in order to prevent Corsicana's being "bottled up" during the rainy season occupied the called session of the highway committee of the Chamber of Commerce Saturdoay morning.

Resident Highway Engineer J. W. Alger reported that plans for highway 75 from Richland to the county line had been completed and that dirt work would probably be completed by Christmas although bridge construction would likely continue until the spring months. Work will be completed within a few weeks on the strip through Freestone county and it is hoped that a contract will be let on the road about December.

The engineer called attention to the fact that right of way could not be secured until the plans were practically completed as the needs varid at different points along the routes.

Members of the committee instructed William O. Harwell, chamber manager, to write the highway commission asking that Highway 75 from Richland north to be made 24 feet wide if possible, and urging a minimum of 20 feet because of the heavy traffic that will liktly be placed on this section with the convergence of five roads in this section.

Should Push Work.

Chairman Jackson stated that he believed that the committee and the citizens of Corsicana and Navarro county should get in behind the highway department and commission and push the work in every way possible. He declared that he believed that some of the slowness of work in this county was due to the seeming indiffrence of the citizenry and its leaders.

After a discussion of the various proposed routes on the Wildcat Ferry project to Palestine, the committee recommended that the chamber president, C. L. Jester, write a letter to the commission urging that the original route be followed as closely as possible in order that this county might aid in the project, as routes further south might raise doubts as to whether or not county funds could be applied on the project.

Engineer Alger reported that dirt work had been completed about seven miles south from the county line on the section of Highway 75 from Corsicana north.

Urges Mexia Delegation.

It was agreed by the committee that a strong delegation should be sent to the celebration at Mexia next Tuesday, at which R. S. Sterling, chairman of the highway commission would be the principal speaker, and if possible have a conference with him.

Judge Clay Nash declared that some complaint had been received about the location of roads, and that he expected to register a vigorous complaint with the highway department because of their seeming policy to locate the roads where they desired without consulting the county or any one else, when the county is sharing equally with the state in the construction of the roads.

Among those attending the meeting were F. P. McElwrath, J. E. Butler, J. S. Murchison, W. W. McLendon, J. W. Alger, Judge H. C. Nash, R. J. Jackson, W. O. Harwell, Jack Megarity, E. D. McCarver and Guy B. Gibson.

WORTHAM TRADES DAY DREW LARGE CROWD SATURDAY

WORTHAM, Sept. 7.—(Spl.)—The first trades day of the season was held here Saturday and large crowds were attracted by the many bargains offered by the merchants of the city and the premiums to be given away.

Among the prizes were a registered jersey heifer that was purchased from F. N. Drane at Corsicana. The drawing for the heifer was held about 2:30. The merchants of the city gave tickets with purchases and the holder of the lucky number was awarded the prizes. There were also many other prizes.

Various forms of amusement were furnished during the day.

Trades day will be held in the future on the second and last Saturday in each month, it has been announced by the merchants of the city.

Small Fire in Wortham.

WORTHAM, Sept. 7.—(Spl.)—What came near being a disastrous fire was averted by quick work of the Wortham fire department Saturday morning when fire was discovered in some cotton offices in the Wallace building in the heart of the main business section.

WORTHAM, Sept. 7.—(Spl.)—The First State bank here was selected as the depository for the Wortham school fund for the next two years. The First National bank will be the depository for the city funds.

NEGRO SERIOUSLY INJURED SATURDAY JUST EAST OF CITY

Herbert Turner, negro, aged 22, was seriously injured early Saturday morning and is now in the Navarro County Hospital with a severe scalp wound and concussion of the brain. Extent of his injuries has not been fully determined by attending physicians.

The negro was employed by the Gifford-Hill Construction company on the work being done on the Cotton Belt tracks east of Corsicana. Authentic information concerning the accident could not be secured Saturday afternoon. The negro was brought from the scene of the accident on passenger train No. 1, and was taken in the Sutherland ambulance to the Corsicana Hospital and Clinic for surgical attention and was later transferred to the County Hospital.

"New Fall Model of Tweed"

PATTERN 1761

Corsicana Daily Sun 15c Practical Pattern

This exquisite daytime frock is the last word in the world of Fashion. The vestee, the revers, and the pleated skirt create long slender lines of chic that every smart woman adores. The unusual belt is decidedly raised in accepted Fall style. The sleeves are trim and well tailored.

A novelty tweed is used in making Design 1761, with silk crepe or linen for trimming. Mixtures of black and white, brown, beige and green; or blue and grey, will fashion a stunning frock.

May be obtained only in sizes 36, 38, 40, 42 and 44.

Size 36 requires 2 3-8 yards of 54 inch material and 5-8 yarls trimming.

This model is easy to make. No dressmaking experience is necessary. Each pattern comes to you with simple and exact instructions, including yardage for every size. A perfect fit is guaranteed.

Patterns will be delivered upon receipt of FIFTEEN CENTS (15c) in coins carefully wrapped or stamps. Be sure to write plainly your NAME, ADDRESS, STYLE NUMBER and SIZE wanted.

Our LATEST FASHION BOOK will be sent upon recipt of TEN CENTS in coin. Address all mail and orders to Corsicana Daily Sun Pattern Department, 243 West 17th Street, New York City.

THREE INJURED IN AUTOMOBILE WRECK FRIDAY AFTERNOON

Three persons were injured, one seriously, Friday afternoon when a car driven by Mrs. Norman Morrison, and a Ford delivery truck of Whitten grocery, driven by Fountain Anderson collided on Third avenue near the intersection of Fourteenth street.

Mrs. Norman Morrison, was the most seriously injured, receiving numerous bruises and possible internal injuries.

Miss Mollie Gibson, another occupant of the car, was slightly injured, and received first aid treatment at the Navarro Clinic for several lacerations.

Dean Allen, riding with Anderson in the truck, was also slightly injured.

Mrs. El J. Gibson and Miss Mary Louise Morrison were uninjured in the crash.

Both cars were badly damaged.

DAWSON

DAWSON, Sept. 7.—(Spl).—Miss Iley Berry left Friday for La Feria where she will teach school.

J. H. Dawson of Fort Worth came in Sunday for a short visit with relatives and friends.

Dr. W. S. Wilkison left Monday for a trip to Kansas.

Miss Lena Tillman of Blooming Grove visited Mr. and Mrs. J. F. Smith from Sunday to Tuesday.

Mr. and Mrs. Harry R. Jones of Houston visited Mr. and Mrs. J. F. Smith Sunday and Monday.

IN MEMORY

Miss Laura Leetch, aged 61 years, died at San Antonio, Aug. 29, 1929.

The body was shipped to Purdon, and carried to Pursley where interment was made in the Ward cemetery. Funeral services were conducted by Rev. Oscar Hellums.

Surviving is one brother, W. R. Leetch, all the rest of the immediate family having preceeded her in death. With her brother, there are several nieces, nephews, cousins and a host of friends to mourn her going.

The deceased was an old time resident of Pursley. She was a member of the Christian church.

Miss Laura kept house for herself and brother several years here. All who knew her remember how neat she was in ner personal appearance as well as in the house keeping. In truth we can say she was veritably a bundle of industry and economy.

Quite a number of men and women can recall the good times they had when they were children at Miss Laura's, for she delighted in the society of children, and frequently had them eat with her.

"Just a memory, fond and true;
Just a token of appreciation;
Just a heartache still for you;
Just a sigh for the olden moments;
Just a smile to love anew;
Just a leaf in silence falling,
And a yearning just for you.

A friend,
Mrs. R. L. Rutherford.

J. E. Norwood of Retreat spent Saturday afternoon in the city attending to business.

CORSICANA WOMAN WHO DIED IN SHELBY COUNTY IS BURIED

Funeral services for Mrs. John Szenasy, age 40, of Corsicana were held from the Church of the Immaculate Conception Thursday afternoon at 4 o'clock with burial in the Catholic cemetery. The services were conducted by Rev. V. Graffeo of the local parish.

She died while visiting her mother in Shelby county.

The tender care of her aged mother and sister also brother and three physicians were not able to check her throat infection, which she contracted before leaving home. She was sick 12 days and passed off quietly Tuesday morning Sept 3rd at 12:20 o'clock.

Surviving are her husband, John Szenasy, daughter Agnes and son, Anton of Corsicana, Mother, Mrs. Joe Fabian, sister Annie Fabian, and brother Tony Fabian of Teneha, and one brother Charlie Matthews of Springfield, Mo., and other relatives.

Pall bearers were Pete, Mike and Lewis Szenasy, Dan Budai, Joe Kormos and Ed Reed.

Contributed.

PURDON

PURDON, Sept. 6.—(SP)— Mrs. Joe Reed of Bangs, and her mother, Mrs. Jep Nutt of Pursley were guests of Mr. and Mrs. T. J. Owens Thursday.

Mrs. A. B. Brown and son, Byron of Galveston were here Thursday visiting in the J. D. Dowdle home.

Rev. Cox and wife had as their guests last week Mrs. Cox's father and mother, Mr. and Mrs. Jordan of Mason.

Lee Davis and family of Brownsboro were here Sunday.

W. E. Butler and family have moved back from Reisel.

R. E. Ellis and family of Mart spent the week-end here with W. E. Butler and family.

E. Palmer and wife were here Thursday.

G. C. Stevens and wife of Lubbock came in Sunday for a visit with Gilbert Iver and family.

N. B. Woods and family of Richland spent the week-end here with F. C. Butler and family.

Mrs. H. A. Howard returned home Friday from Colorado where she has been visiting for the past month. She reports an enjoyable time but she thinks Texas is the best.

F. N. Matthews of Dawson is having his store repaired. He expects to open a grocery store next week. Mr. Matthews was in business here several years ago, but sold out and moved to Dawson. We are glad to have him back with us again.

Ewing Wright of Ennis was here Monday visiting his brother, B. C. Wright. He was accompanied home by Mrs. C. C. Wilson who will spend several days with her daughter, Mrs. J. D. Lee.

Mrs. T. M. Keys and daughter, Mrs. Gene Kessinger, were here Wednesday from Corsicana.

Wm. Crossland and B. Burns of Corsicana were here Monday.

M. V. McElwrath and wife and Mrs. G. A. Hodges visited in Teague Sunday.

Robert Farmer and family of Wichita Falls came in Tuesday for a visit with Mrs. Farmer's parents, Mr. and Mrs. J. H. Davis.

Jno. Busby of Van Horn, was here Saturday.

W. T. Smith was here Wednesday from Hillsboro.

Monday afternoon the W. M. S. met in a social meeting with Mrs. Earl Darden as hostess. The devotional was conducted by Mrs. Castles. The subject being "The Laughter of Death." Two very interesting talks on the "African Home," and "African Womanhood" were given by Mrs. Cox and Mrs. Henderson. Mrs. Cox also gave an account of her trip and study at the Methodist assembly, Lake Junalaska, N. C., from where she has just returned after taking a summer course in church work. The social hour followed and all present reported an enjoyable afternoon. We were glad to have as a guest, Miss Jordan from Mason, sister of Mrs. Cox.

Arthur and M. F. Wilson, of Retreat, were Corsicana business visitors Saturday afternoon.

FERGUSON SAYS COULDN'T GET HIS NAME BEFORE PEOPLE

FORMER GOVERNOR SCORES PRESENT ALLEGED CONDITIONS IN TEXAS

ATHENS, Sept. 7.—(AP)—R. T. Craig, editor of the Athens Daily Review, today announced receipt of a letter from former Governor James E. Ferguson in which the latter made probably his first pronouncement of the intention of himself and wife with respect to next year's race for governor. The letter, as given out by Mr. Craig and which will be published in the Daily Review Monday follows:

"Replying to your recent letter suggesting that I run for governor, will say that while I appreciate your friendly interest, I have no special desire to hold office, and if I did, the present supreme court or a majority thereof, would disqualify if I attempted to get my name on the ticket which would give the present governor a right to appoint a majority of the court to pass on my case and of course everybody knows I would not have a chance. Tom Love and his crowd claim the right to not vote for anybody they don't like, but at the same time they pass a law to keep the people from voting for whom they do like, and thereby the people and me cannot get together even if we wanted to.

"My good wife has no desire to again hold office and unless there was an urgent demand from the people for relief from present conditions of ignorance, high taxes, mismanagement and corruption she prefers to remain a private citizen.

"I still hope that some good business man will announce for governor on a business platform so that the people will have an opportunity to get what they so much need—a business administration.

"With continued esteem, I am, your friend, James E. Ferguson."

CORSICANA BOYS BACK FROM SCOUT MEET IN ENGLAND

McClellan Wassell and Dee Newland, who have been attending the Boy Scout Jamboree in Birkenhead, England, returned Friday afternoon, after having visited many points of interest in England and other European countries. They landed in Houston on Sept. 5.

At the Jamboree they met many of the distinguished men who are ofifcers in scouting, including Dan Beard and James West. While on the trip they stopped at ten ports in England and on the Mediterranean Sea.

The boys left here several months ago, and worked their way on a steamer to the European port.

FUNERAL SERVICES FOR MRS. ELLISON FRIDAY AFTERNOON

Mrs. J. E. Ellison, 34, who has been in ill health for several months, died at the home of her father, Ben Howard, 904 North Beaton street, Thursday afternoon at 5 o'clock, and the funeral was held from the Howard home Friday afternoon at 4 o'clock with burial in Oakwood cemetery.

Mrs. Ellison had been at El Paso and other points for some time in an effort to improve her health and returned to Corsicana a week ago.

Surviving are her husband, two sons, one daughter, father and other relatives.

The funeral was directed by the Sutherland Funeral Home.

Waco Trade Trippers Here Late Friday

The special trade delegation from Waco spent a short time in Corsicana Friday afternoon en route home after a two day swing through Central Texas. The visitors reached here about 5 o'clock and resumed their trip after a short visit to Corsicana merchants.

Among those in the party were: W. T. Cooper, McLendon Hardware Co.; A. L. Clifton, Clifton Mfg. Co.; C. S. Carson, Behrens Drug Co.; D. L. Loving, Waco Drug Co.; Joe L. Ward, Ward-Dosset-Floyd; W. Edmundson, Archenbold Auto Suply Co.; E. R. Eudaly, Central Farm Products Co.; M. M. Woody, Wm. Cameron and Co.; A. E. Ruhmann, Ruhmann Grain Co.; W. C. Turner, Turner Brokerage Co.! E. C. Crane Gen'l. Agt. Steamship Co.; A. F. Von Blon, Von Blon Book Co.; C. E. Howard, News-Tribune; L. M. Shepardson, Waco Chamber of Commerce.

W. A. Bowlin of Richland was in Corsicana Saturday afternoon attending to business.

Cotton Seed Salesmen

Any energetic influential man should make good money regular or part time. Write for particulars. Russell's Cotton Breeding Farms, Annoma, Red River County, Texas

Would You Know One If You Saw It?

If you ever came face to face with a germ, would you recognize it? Of course it is not likely that you ever will see a germ, unless you own a tremendously powerful microscope, for you would have to magnify one over a thousand times to make it as big as a pin head. But you should recognize the fact that these tiny germs can get into your blood streams through the smallest cut, and give you typhoid fever, tuberculosis, lockjaw, blood poisoning, and many more dangerous and perhaps fatal diseases. There is one sure safeguard against these dangers — washing every cut, no matter how small, thoroughly with Liquid Borozone, the safe antiseptic. You can get Liquid Borozone at

Man Slightly Injured Car Wrecked, Friday

C. W. Grauel, employee of the Odd Fellows Home, was slightly injured when the automobile in which he was driving and one driven by Mrs. D. B. Lattimore collided between North Twenty-ninth and Thirtieth streets on West Second avenue about 3 o'clock Friday afternoon.

He was rushed to the Navarro County Hospital in the Corley-McMahon ambulance, where it was determined that his injuries were of a superficial nature, and he was dismissed. He was able to return to his duties Friday night. His car was completely overturned and was almost demolished.

Pretty Shower For Miss Carrie Majors Bride of September

PURDON, Sept. 6.—(Spl).—In view of the approaching marriage of Mr. W. O. Griffin of Kerens and Miss Carrie Majors of Dawson, friends of the bride-elect complimented her with a miscellaneous shower Wednesday afternoon in the home of Mrs. S. S. Skinner.

Cut flowers and palms were used effectively in the living room and dining room, a color scheme of pink and lavender being chosen. Miss Valley Roberts sang "I Love a Little Cottage," and Miss Blanche Castles read an amusing essay on husbands. The guests were then asked to write in rhyme four ways to keep a husband at home, using the initials of the bride and groom to be.

Elton Skinner, as janitor for the school, asked Miss Majors to assist him in removing some rubbish which had accumulated there while she was a teacher in the grammar school. He led her into the dining room, where a school house in miniature had been prepared. On opening the house Miss Majors found it contained many pretty and useful gifts, which were opened and greatly admired.

The hostesses served a dainty refreshment plate of cheese-pimento sandwiches, potato chips, olives and iced tea to about fifty guests.

Those who attended from out of town were Misses Carrie and Bobbie Lee Majors and Valley Roberts, Mesdames O. C. Akers and R. H. Majors of Dawson, Mrs. T. M. Key of Lamesa, and Mrs. Gene Kessinger of Corsicana.

Constructing New Concrete Sidewalk

The Corsicana National Bank is having a new concrete sidewalk constructed along the greater part of the Collin street frontage of the building at the corner of Beaton and Collin streets. It will replace the old walk which had become worn and broken through constant use of many years.

DAWSON COTTON RECEIPTS

DAWSON, Sept. 6.—Receipts of cotton here Wednesday noon totaled 3,691 bales as compared with 1,824 bales on the same date in 1928.

Cotton Seed

If you want your cotton seed cleaned and culled for planting, we invite you to investigate our culler at Corsicana. We have made all necessary improvements for us to give you first class service.

When better ginning is done the Hopkins Gins will do it.

THE HOPKINS GIN CO.
Corsicana, Texas.

STATE LABOR HEAD SAYS WOMEN SHALL WORK ONLY 9 HOURS

AUSTIN, Sept. 6.—(AP)—Holding to the belief that all laws should be enforced, State Labor Commissioner Charles McKamy said today violations of the statute prohibiting women from being employed in eleemosynary institutions longer than nine hours daily would be brought to attention of county or district attorneys as rapidly as they are discovered.

At least five institutions now are working women nurses and attendants 12 hours daily as a result of vetoes in the eleemosynary appropriation bill, R. B. Walthall, chairman of the Board of Control, learned today. Others may be forced to take the same steps through lack of funds, he said.

Commisioner McKamy said the attorney general's department in two instances had furnished him with opinions that the 9-54 hour law was applicable to state institutions.

Teague Graduates Will Attend Various Colleges This Year

TEAGUE, Sept. 9.—(Spl).— The following last June's graduates of Teague High school are scheduled to depart shortly for the colleges listed: Byrtis Avey, College of Marshall; Elton Black, Texas A. & M.; Louise Butts, College of Marshall; Hazel Compton, Baylor University; Harry Critz, Texas A. & M.; Roy Flaharty, Southern Methodist University; Bonnie Ruth Fogleman, Baylor College; Myrtis Fix, Baylor University; Edythe Hubble, Nurses' Training School, St. Joseph's Infirmary; Marvin Jameson, Texas Technological College; Annie Laurie Johnson, Baylor University; Milton Jones, Texas A. & M.; Louise Porter, Baylor College; Sterling Proctor, Southern Methodist University; Glenna Rackley, College or Marshall; Arlie Seely, Baylor College; Gladys Senter, Sam Houston State Teachers' College; Bonnie Suttle, University of Texas; Reginald Wellman, Trinity University.

Father of Corsicana Man Dies in Dallas

DALLAS, Sept. 6.—W. S. Goode, 51, died in a local hospital Wednesday. He is survived by one son, Edgar Goode of Corsicana, Texas. The body is being held at a local undertaking establishment pending funeral arrangements.

Assictance of the Corsicana police department was requested Thursday by the Loudermilk-Sparkman Undertaking company of Dallas in locating relatives of William S. Good who died in Parkland hospital there a few days ago. A son, Edgar Good, was thought to be living in Corsicana.

Much Cotton Being Received at Frost

FROST. Sept. 7.—(SP)—The gins here reported 1389 bales ginned up to Wednesday morning and the warehouse had weighed 2000 bales. The Emmett gins had ginned 611 bales at the same time.

Teague Preparing For School Opening

TEAGUE, Sept. 9.—(Spl).—All of the buildings of the Teague schools are being placed in readiness for the opening of schools, Sept. 16.

More children have been transferred into the Teague Independent school district this year from rural schools than ever before. The number of transfers in is more than 80 in excess of the number of transfers out. It is possible that an additional teacher will be needed in high school.

Return From Trip Mineral Wells and North Texas Points

Mr. and Mrs. C. D. Speed have returned from a delightful trip to Mineral Wells and numerous points in North Texas and Oklahoma. They were accompanied by their guest, Mrs. James Keble of Elgin. At Mineral Wells they were joined by their daughter, Mrs. F. P. Hodge and children, whom they accompanied to her home in Wichita Falls..

They were entertained extensively while visiting Mrs. Hodge, the round of social pleasures planned in their honor including a spend-the-day party with other relatives at Seymour, attendance at the Indian Pow-Wow to honor Hannah Parker at Craterville, Oklahoma, a drive into the government reservation for the preservation of wild life, where they saw long-horns, buffalo, antelope and a big drove of elk, and a visit to the famous recreational center, Medicine Park.

En route home Mrs. Keble stopped over with relatives in Fort Worth and Mr. and Mrs. Speed came by Milford for a brief visit. They report a wonderful trip.

BARN IS BURNED

DAWSON, Sept. 6.—Fire of unknown origin destroyed a barn on the Dawson and Sanders farm several miles south of Dawson Tuesday morning. O. A. Demoney, tenant on the farm, lost about $600 on feedstuffs. The loss on the barn is not known.

BANK ROBBER CAPTURED

ST. CHARLES, Minn., Sept. 6.—(AP)—Three hours after he had robbed the First National Bank of St. Charles of $1,432 in currency, a bandit was surrounded by 150 men and captured in a wood. The money was recovered.

SENATE COMMITTEE ORDERS MEMBERS OF FARM BOARD APPEAR

WASHINGTON, Sept. 6.—(AP)—The senate agricultural committee decided today to call the members of the federal farm board to examine their qualifications for office at open hearings.

Chairman McNary of the committee sent word to the board members to appear at their convenience, probably late next week.

There have been signs of opposition to several of the board members. Several of the senators from the Northwest are displeased over the policy announced by Chairman Legge that the farmers and co-operatives must have exhausted other means of credit before applying to the board for loans.

A provision in the bill to require such a policy was stricken out in the senate and therefore some senators feel Legge and the board are going contrary to the expressed will of congress.

In addition, a number of senators believe the board should make available its $500,000,000 fund at the 4 per cent interest rate without requiring farmers to borrow all they can elsewhere at higher interest rates.

TURKISH PLANE HOPS

DALLAS, Sept. 6.—(AP)—The trimotored plane used by the Turkish aviation mission to the United States on a tour of the principal airports of the country left here shortly before noon today for Fort Crockett at Galveston.

Grady Husch of Roane visited in the city Saturday afternoon.

H. B. POPE

Announcement

To the Public!

We wish to announce to the public that we have added to our circulation department Mr. H. B. Pope of Navarro County, who will give his entire time in soliciting subscriptions to the—

Semi-Weekly Morning Light

Mr. Pope is an experienced salesman and is well known throughout the County, having lived for many years at Picket, Eureka, Kerens, Drane and Frost.

Mr. Pope will cover the entire County in the interest of the Light and will secure both new and renewal subscriptions.

It is not necessary to say anything about the quality of the Semi-Weekly Light, as its continuous publication of over forty years with a growing subscription list speaks for itself.

The Light is better now than ever before with a number of expensive syndicate features, including a comic page and market reports.
These attractive, entertaining and educational features added with the news of the world, nation, county and community gives the subscriber all that could be expected.

Semi-Weekly Morning Light

ONLY $1.00 A YEAR IN ADVANCE!

The only Semi-Weekly newspaper in Central Texas — Two papers a week for the price of one!
